Principal's Message

THE CLASS OF '61

The theme of this year's annual "I hear a voice" could serve as the central thought for any valedictory. The voice is significant of a message, a directive, an advisement. A valedictory is a final message to fellow graduates, encouraging them to make every effort to add to the community of which each one is a vital factor. You have done much during your past four years as students of Mount St. Michael. Many of you can honestly say that the work has been a job well done. You have given of yourselves and the Mount has been a better place because of your presence. You face new frontiers: a college career, the business world, the military services or the special service of God. You will be expected to absorb these obligations, giving yourselves fully to all responsibilities. The manner in which you will react to these newer duties will best answer your response to the invitation to be Catholic men.

We hope that these past four years will form part of fond old memories. As you bounce along memory lane, may the voices of the past be those of peace and joy, contentment and satisfaction. As you glance

over your shoulder at the days gone by, may you recall your many friends; may you recall the contributions of parents, relatives and teachers who have helped you to advance morally and spiritually, physically and intellectually. When you lift your voice to God in communal petition, pray that your fellow class mates may respond to their newly accepted obligations; that your parents may experience the satisfaction of a task completed; and that your instructors may continue to prepare other young men to answer their vocations.

May I take this opportunity to congratulate the Mountaineer staff and the faculty moderators of the annual for a task well performed. Your moderators, Brother Philip Thellen, Brother Mark Roland and Mr. John Catsoris deserve recognition for the efforts which they have extended to make this Mountaineer a prized souvenir of these past four scholastic years.

We leave you in the loving care and the maternal protection of Our Queen of the Mount, the Blessed Mother of God.

Sincerely yours in J.M.J.C.,
BROTHER PATRICK E. MAGEE, F.M.S.
Director

I Hear a Voice

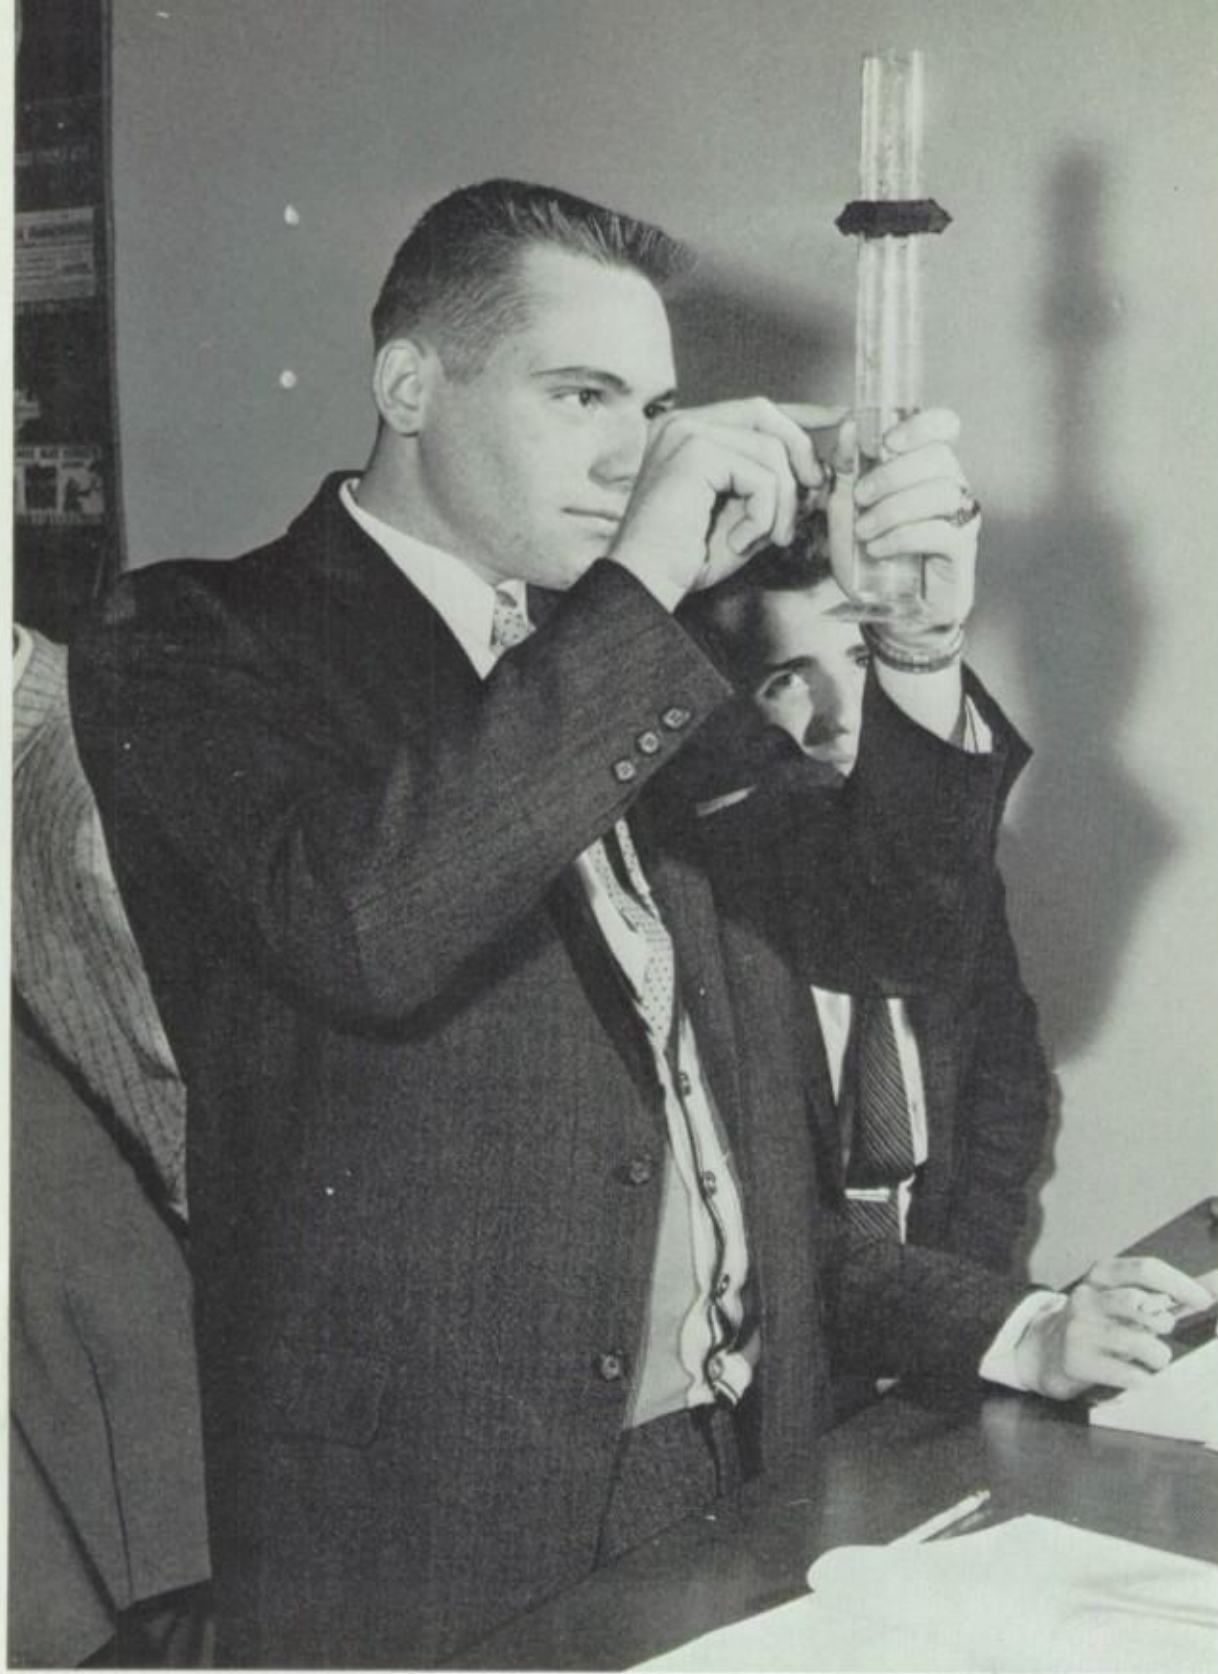

With the advent of each school year, there come many and unique problems. It is indeed our desire to find a **Christian** solution to these problems and to become the informed Catholic laymen of the future.

Before our graduates, who now leave the hallowed halls of Mount Saint Michael, there lies a vast and chaotic world. And in this world a conflict now exists: the greatest conflict in all history—a struggle between Christianity and Communism—a struggle between the powers of good and the powers of evil. It would be contradictory, indeed, to say that the Communist philosophy of dialectical materialism could, in any way, co-exist with Christianity. Thus, it is imperative that, through our Christian education, we formulate principles with which to combat this Communist menace. We must then resolve to put these principles into practice, and to make Christ known in a pagan world.

In this aspect, therefore, we adopt as our theme "I HEAR O VOICE", not only to exemplify our acceptance and remembrance of this Christian education, but also to illustrate our willingness and readiness to accept the challenge of the future.

"I" represents the student body, each and every student. The "Voice" is both the voice of the past and the voice of the future, calling—begging—earnestly pleading that we come forth and meet today's challenge with open and resolute minds.

Student Life

A student's life consists of many things. It is a world of books and learning; of cheering crowds at autumn football games, when the air is cold and crisp and full of the promise of snow; of the laughing faces of friends having a good time.

Yet it is so much more than these things which leave only memories that fade and dull with age. It is a growing and a developing, an exploring and an experiencing, a shaping and a maturing that indelibly marks the time when the boy grows into the man. It is this so very happy and at the same time crucial period of growth that is the essence of the student's life.

A famous philosopher once said that "the true man is the moral man", and it is this guiding principle that directs life here at the Mount. The sportsmanship of the playing field, the good grace of the debating hall, and the intellectual growth of the classroom, all are designed to instill in the student those traits of character which mark him as the Christian Gentleman.

"All right, who has it?"

"Dunkel on the pan"

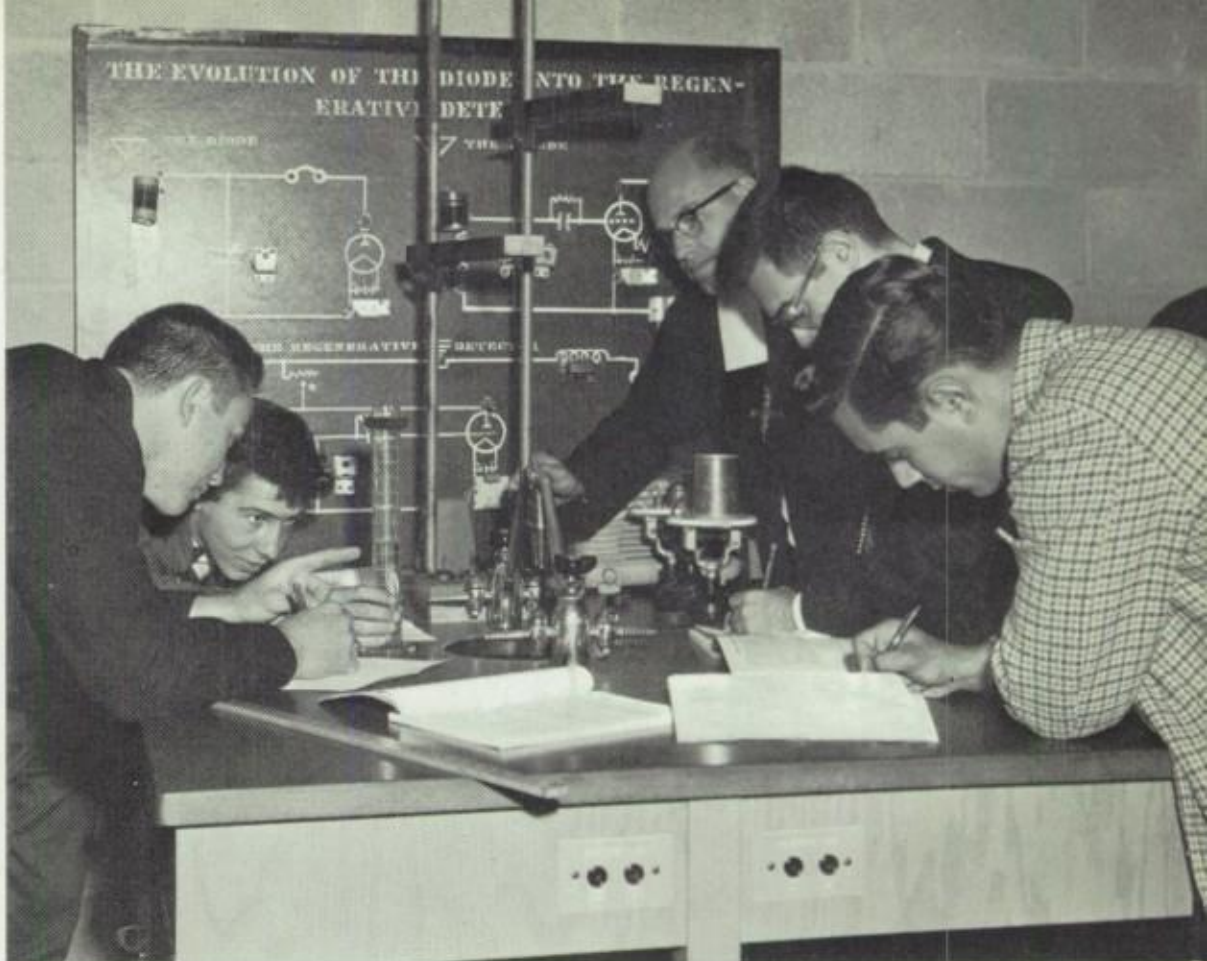

"But Brother, this is over 2,000 years old!"

May devotions: a part of Marist-inspired life.

Classes

Seated: J. Behm, J. Burke, J. Burck, J. Browne, H. Alexiadhes, C. Brennan, F. Bratumil, W. Bernhard, F. Bradley. 2nd Row: K. Bielat, V. Brennan, J. Astuto, J. Bruno, P. Bedard, P. Brosnan, A. Bongiovanni, J. Bishko, G. Badia, D. Arcuri. 3rd Row: W. Burkhardt, G.

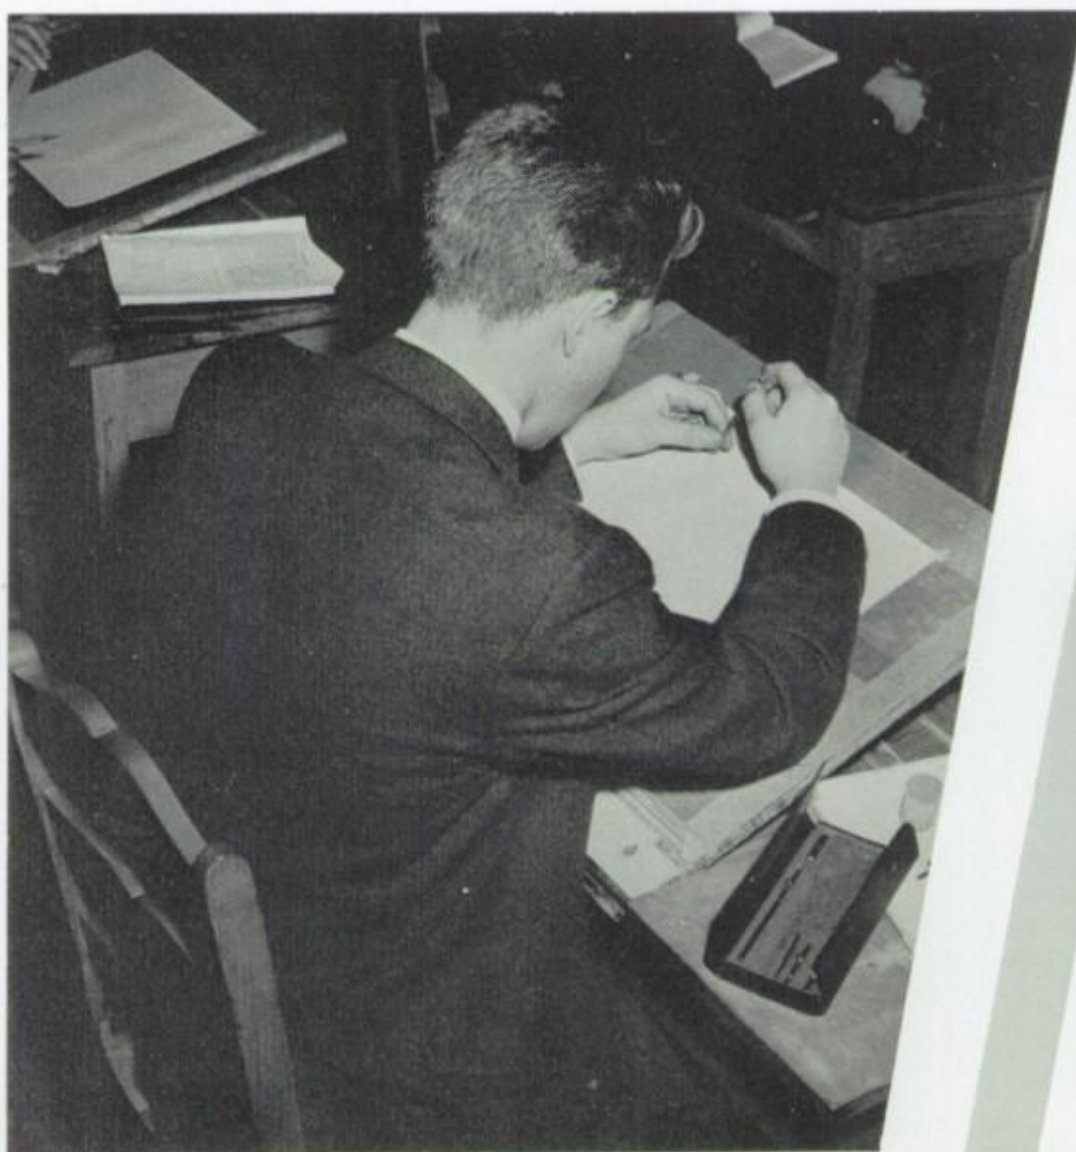

Anger, F. Bertini, J. Blum, C. Calo, R. Cardilli, M. Alvarado, M. Brocco, G. Ackerman. 4th Row: J. Bruno, V. Cafarelli, R. Amocida, T. Cantilena, E. Altieri, J. Boese, W. Betlini, G. Bresler, J. Bonarrigo, R. Burton.

Junior A

Just as "A" comes first in the alphabet, 3A is tops in junior year. This collection of scholars and athletes has shown that they have the ability to achieve seemingly unsurmountable goals. For example, 3A's intra-mural football team, through a fine display of effort and teamwork, fought its way to the playoffs. Under the guidance of Bro. Julian, 3A has shown extraordinary generosity in the missions and canned-food drives. This spirit of giving was the important factor in 3A's being awarded the Junior "Class Spirit Award."

3A has bombarded the Mount after-school life with an abundance of candidates for the Mount extra-curricular activities. In the sport department J. J. Blum leads the list as a member of the Varsity Football Squad. James Burke and Frank Bradley grace the Indoor Track team while George Auger paces the field event men in that sport. In the musical endeavors the newly formed Mount Swingband is honored by the presence of saxaphonist Philip Arcurri. He is also a member of the Mount Orchestra along with Ken Beilat, William Bettini and Peter Bedard.

In the literary department, Vincent Brennan is co-editor of the Tower sports page; he is also the class' only Student Councillor.

G. Bresler gets the point across.

Somebody has problems.

Junior B

Seated: R. Carlson, R. Ciotti, P. Dublanyk, M. Doris, H. Donnelly, J. Cinosky, V. DeLucia, P. Donahue, D. Carter. 2nd Row: K. Dougherty, J. Doherty, R. Dobson, A. Celenza, D. Conca, L. DiBianco, A. D'Andraia, V. Celentano, J. Cotter, T. Chartier. 3rd Row: R. Cur-

At last, it's been found!

Yes, tucked away in a small nook (room 402) lies that rare combination of brains and brawn that enables a class such as 3B to rise to dazzling heights in that rat race for supremacy in the keen competition of junior year.

Inspired by the devout guidance of Brother Michael Talty, the C's and D's of 3B have become tops, both scholastically and athletically. 3B's fabulous gridiron showing speaks for itself, after a no-defeat preliminary season 3B was found vying with 3A for the championship. Dropping the first game, 3B's men went on to win the second game and championship on a 2 point conversion scored by Tony Di Menna. The leading spirits of this all-star team were Tommy Di Costanzo, Jimmy Celentano, Rich Di Goia, Tony Creno, Frankie Cargiuolo, Val Casata, Tony Di Menna, Jimmy Di Tarres, "Doc" Dockerty, and John Conlon and Tony Di Andria.

3B is well represented in other aspects of school life also, in the Student Council by Dominic Conca, Rich Cioti and Andy Cararo, in basketball by 6' 4" Don Carter, and in track by Vic Di Luccia, Dom Conca.

As far as brains go 3B is the foremost class in junior year with scholarship men Richie Di Goia and Dom Conca leading the way.

3B may be likened to a great Broadway Production, like any spectacular show 3B has its share of stars and stardust but to succeed it must be efficiently staffed and directed. To our director Bro. Michael, our president Chartier, our vice-president Don Carter and to our treasurer and zealous mission crusader John Conway we, the "men behind the scenes" extend our deepest thanks for a really great year.

Junior D

What makes the men in 3C so outstanding? Character! Courage! Chivalry! We tried hard, but failed to win the intramural football championship. Even if we are not in first place, we can boast about being in the top ten. Class 3C may not be trophy winners, but we are proud of the members who have contributed to the various athletic teams. Under the guidance of Bro. Brian, our class has managed to produce some athletic accomplishments. We have contributed Golden to the basketball team and Griffiths has done us proud in football. Although we have donated generously to the missions, our class alone holds the dubious honor of not having contributed one can to the canned-food drive. (What went wrong?) We hold the distinct privilege of having attended everyone of Bro. Brian's "celebrated lectures." All in all, we have done more for the Junior year than any Sophomore class we can think of.

What's keeping Brother's attention away from us?

Junior C

Although, we, the members of 3-D, have full knowledge of our all around perfection, we are not the least bit conceited.

Under the leadership of ur homeroom teacher, Bro. Maurice George, 3-D has reached the zenith of glory.

Incorporated into this class of colossuses are those who have excelled in scholastic abilities and in extra-curricular activities.

To the field of science we have contributed Kuyamjian and Maguire. The great musical talents of Levi and Mancini have been donated to both the school and jazz bands. Speed and spirit have given our boys, Mahon and Martinez, fame on the cross country. To the poster club the class of 3-D has given generously. Besides these fields in which this magnificent class excels, we have been represented in the bowling division, the Sodality, the Student Council and last but not least, the Honor Roll.

In summation it is fitting and proper to give mention to those who have kept our class standards at a human level—the detention boys from 3-D.

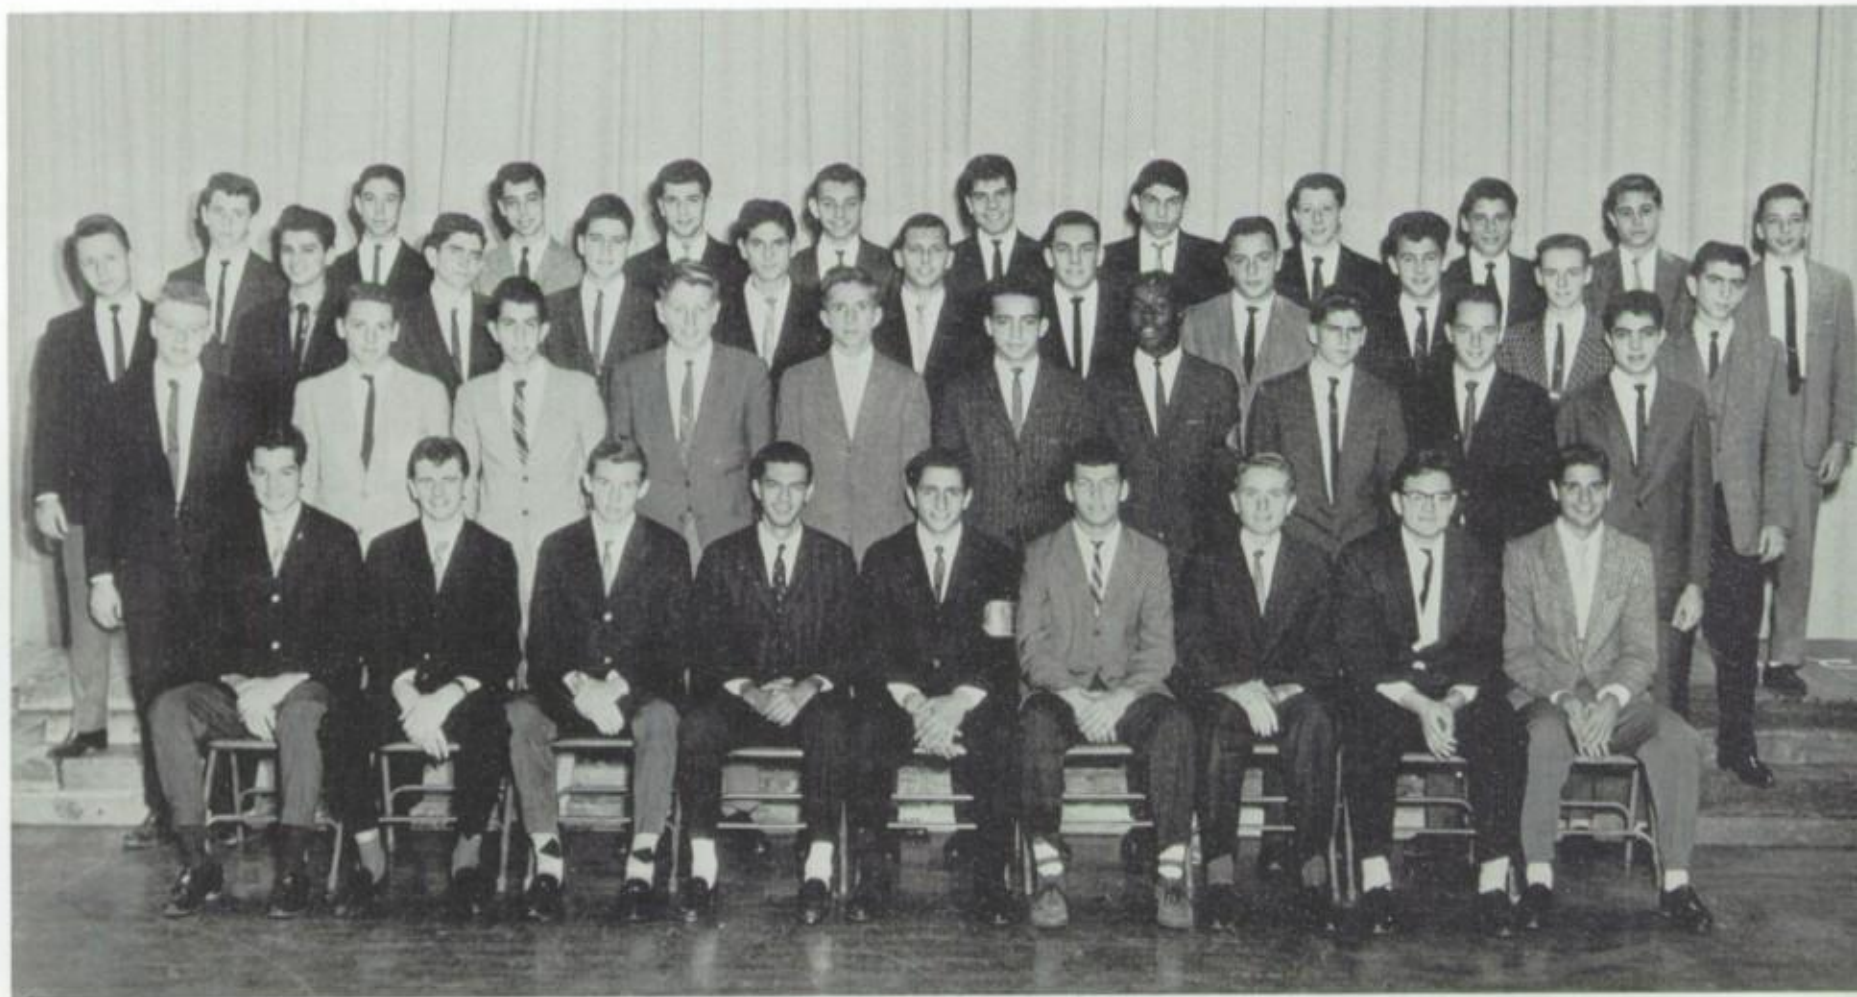

Boys, here's what you do next.

Junior E

As we draw towards the end of our third year here at the Mount we truly say that our brief stay in Junior Year has been a most profitable one. Led by the guidance and "discipline" of Brother Charles Patrick we have matured into a group of men of which the Mount should be justly proud. 3-E has undoubtedly its share in the drive to bolster school spirit among students. We contributed men to the varsity gridiron, one of whom, Richie Monaco, has received laurels from our cities' newspapers for his instrumental role in the Mount's march to a successful season . . . on the hardwood, Mr. Leahy's squad was strengthened by the presence of "Talented Tom" McNiff . . . Four maestros answered to the tune of Dr. Reuther and another, Pete Mongillo, to the progressive of Mr. Al Joseph . . . On the Student Council we were represented by John Mulligan . . . the names of the students of 3-E men were continually placed on all the degrees of the honor roll. Although our class was perpetually active in athletics we hadn't overlooked the necessity of religion in our lives as seen by the number of active members in the Sodality. The spirit of the entire school was exemplified by the tremendous enthusiasm strengthened by the students of 3-E throughout the year.

"Progress is our most important product."

Junior F

During the summer months the Mount faculty attempted to form the perfect Junior class. Since perfection cannot be attained in this world, 3-F was the best they could do. The habitat of this unique class is room 304, which has one great advantage but no one knows what it is.

The class scholars are led by my friend and yours (on a test), Frank Pugliese. But even with an abundance of intellectuals, 3-F manages to show itself in athletics. Piccarelli, Principi, Salorio, Simmons, Sforza and Restieri lead the parade of "Howie and Al's Boys" while we find it tough to catch up with John "Mercury" Sasport of our own Brother Francis' track squad. Standouts in other extra-curricular activities include "Major" Principi of the Student Council and Quinn of the Forensic team.

The true leader, the inspiration, the stand-out in room 304 is our home room teacher, Brother Francis. He has made the supreme sacrifice in leading us to our final reward for our tribulations—Senior Year.

Seated: C. Zimmerman, P. Synan, J. Spyropulos, J. Wright, S. Wajtusiak, H. Stamper, F. Sullivan, G. Yagunoff, G. Zupko. 2nd Row: R. Stutzin, R. Spina, R. Sweeney, G. Wieland, G. Wood, F. Thomas, J. Timmel, R. Stroney, J. Zenga, P. Tivolacci. 3rd Row: W. Twi-

The gentle soul who is not possessed with a liking for the pervading odor of formaldehyde should never enter 2-A. Anyone who intensely dislikes the presence of such beings as white mice and preserved specimens should likewise never darken the door of "104."

As one hurriedly surmises, 2A is the class with the lot of using the Biology Laboratory as a homeroom. There is one redeeming feature—our homeroom teacher, Brother Jude Robert. Guided by him through religion and guidance periods we learn a greater amount of knowledge to be used now and in the future.

The letter "A" usually stands for the best of any thing and Class 2A proudly and earnestly has gone on to deserve this title. Aided by an overwhelming response to the Canned Food Appeal, we went on to capture the Sophomore School Spirit Plaque. Furthermore, we contributed seven members to the J.V. Football Squad, including such stalwarts as F. Sica, M. Diffily, A. Lorusso, M. Trepeta, and T. Credidio. It is only fitting that the lone sophomore, Gerry Gilligan, on the Varsity Basketball Squad should be from 2A. Probably Fernandes and Hall will be joining him next season after they finish their terms on the J.V. team.

Class 2A has also contributed P. Citarella, P. Domin and S. Steinberg to the track team.

For the more intellectual pursuit of the Forum 2A has donated R. Gantenbein, G. Angelo, F. Spucci and R. Sarno. We have sent T. Credidio, E. Cardelli and P. Pruent to the band.

Well, that's 2A (for effort and Grade A we like to think), the finest class in sophomore year.

Sophomore A

"Anybody can read it out of the book."

"Weni, widi, wici."

Junior G

Here is the class that all the world has anxiously been waiting to see, the "G-Men"—Great, Galant, Grandiose, Gum-chewing, Gamboling, Gargoyles. Who are ably represented in various school activities with outstanding members of the track, football, basketball, and baseball teams, veteran debaters in the forum, musicians in the band, future leaders in the student council, intellectuals on the Tower staff and in the Science Club. Our rugged intramural football team placed third and didn't even get to play as far south as Manhattan. The class was second in the canned food collection, and first in mi\$\$\$ion money. All this magnitude of achievement doesn't leave us with one ounce of conceit. We're great, and we know it. But we are also modest and wouldn't think of bragging. Even our homeroom teacher, Bro. GregFory is a "G-Man." Any monkey business is promptly dealt with by Bro. Gregory in his own inimitable fashion after school with the greatest form of ghory torture possible, listening to the speeches of Mount forum members for two hours. Because of this, one member of the class vows that he will not be able to graduate until he is 25 years old. Do not let this abundance of superflous activity distract you into thinking that we do not have a hard working class. Most classes are able to say the rosary without much effort. We are still hard at work practicing it. Class officers, who duties are still hidden under a black veil of mystery, include Hank Stampur-president, Joe Tripodi—vice-president, Frank Sullivan—secretary, although the class really wanted a girl, and Joe Zanga—treasurer. In conclusion, we would like to announce that class 3-G has been by far the greatest class in the history of Mount Saint Michael,—that is we would LIKE to announce that. Unfortunately we are unable to do so, because it isn't true.

Sophomore B

"No stupid, that was my thumb."

The qualms of starting a new year subdued, we set out to conquer the problems of Sophomore Year. Upon our sun-chairs in Room 106, we were inspired by the advice and example of Bro. Kevin Aloysius and enticed by the unusual atmosphere. Not only did we manage the difficult studies, but our talent was put to good use in many extra-curricular activities. The Jayvee Football was bolstered by M. Shady, W. Serravazza, and G. Tokarczuk, who is also a Track man . . . R. Freda is a shifty one with a basketball . . . R. Ciccotelli, P. Giunta, and G. Brugnali are among the fleetest of foot . . . M. Andrucki is noted for his achievements on the Forum. The records racked up by our class football and basketball teams is an example of the type of spirit we tried to uphold. The many friends which were made this year only shows our cooperative attitude, which happen to manifest itself more so during tests, quizzes, and exams. As a conclusion the members of class 2B resolve to apply themselves in an effort to reach further goals (namely those of Junior and Senior Year and possibly Summer School).

Sophomore C

"Watch out, Bro. Pius is coming."

As Sputniks and guided missiles set the pace for the world powers, so class 2C is setting the pace for the entire Sophomore year. We may not have been the most outstanding class in support of the Mount's extra-curricular activities, intramural sports and school sponsored social events. When it comes to outstanding students and great athletes, we are almost always at the top. To the extra-curricular activities we have contributed the following: Varsity football, Mike Cunnion J.V. football, we have contributed 7 members of which 5 started; Track, John Carroll; Sodality, we have Mike Cunnion, Kevin McCormack and Frank Hickey. Besides this we have contributed two of our classmates as Student Councillors.

The average day starts off with Bro. Bernard Garrett for English. We then split up for our language period only to be reunited in room 104 for Biology. We then trot up the stairs for Math and the end of the morning session. In the afternoon we have Bro. Robert Ryan for Religion and then Bro. Joseph Gilmary for World History. When this is over we calmly come back down stairs for another gracious period with Bro. Robert. We will close now by stating that C is the most essential class in the Sophomore year—mainly because there has to be a C between B and D.

Seated: E. Martin, J. Greenan, G. Cloos, R. Popalizio, J. Doris, M. Gilligan, A. Ciotti, A. Tourigny, J. De Lorenzo. 2nd Row: A. Ramos, K. O'Brien, J. DeFrancis, M. Keane, R. Casale, R. Pol, J. Giordano, A. Balletta, T. Diguglielmo, L. Calcerano. 3rd Row: F. Capolupo,

W. Archer, E. Collins, D. Sullivan, T. Rubino, K. Doolan, D. Ganey, A. Pipa, R. Walsh. 4th Row: B. Halligan, J. Riolo, E. Guarino, A. Bianchini, G. Allen, R. Tinger, J. Altieri, R. Kulls, W. Bickerstaff, A. Tourigny.

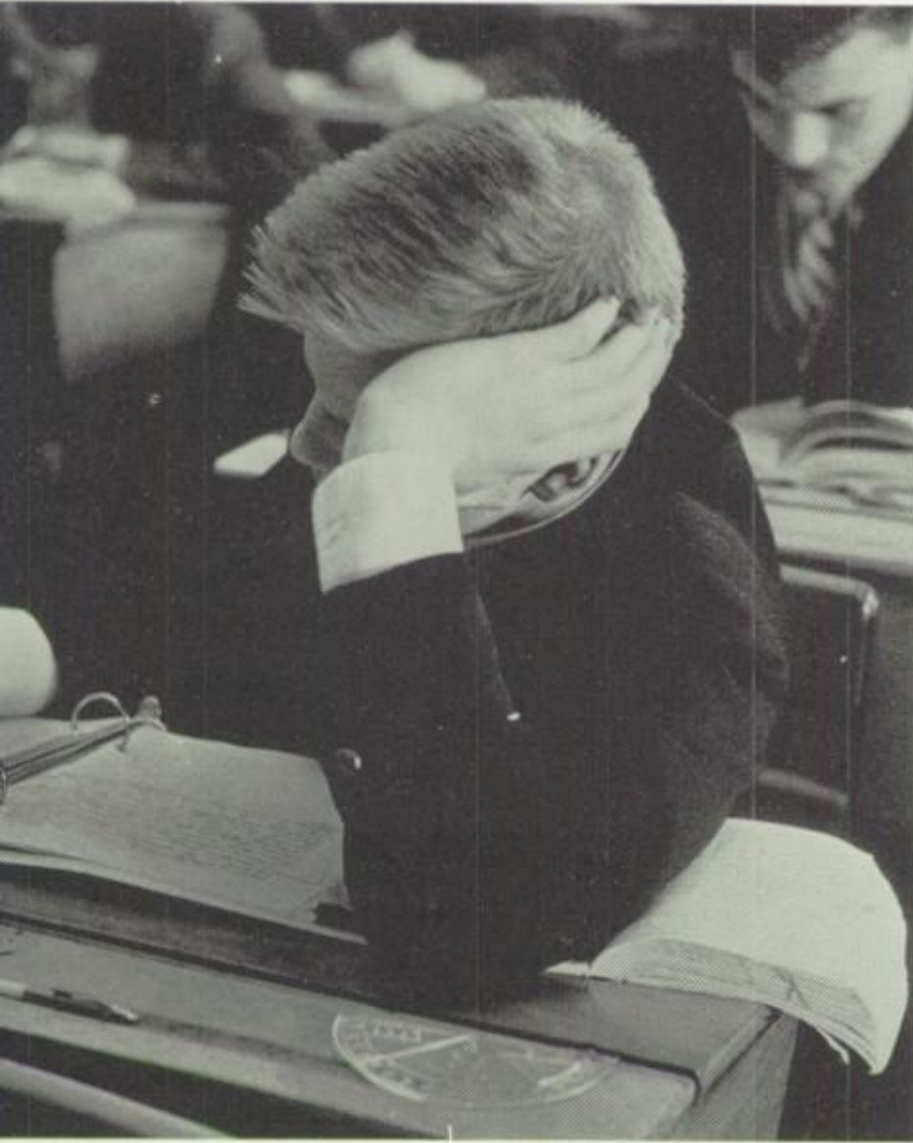

Seated: H. Nardozzi, D. McRedmond, J. Peraino, W. Kriz, A. Pompillo, T. Lombardo, M. Lepore, S. Di-Grandi, W. Finegan. 2nd Row: R. Ettl, T. Reale, J. Henitz, A. Raimondo, R. Hogan, B. Miraglia, J. Flaherty, D. Florio, J. Gura. 3rd Row: F. DeCesare, P. Joslin,

F. Scotti, T. Warenkiewicz, T. Castello, F. Campolong, J. Yacovino, J. Crowley, J. Tomassi, R. Moscarelli. 4th Row: A. Saladino, R. De Laurentis, J. Molino, W. Cavanagh, B. McGrath, L. Silva, J. Ryan, A. Cooper, J. Geis.

Sophomore D

Even though geniuses in our class are few and far between so are the failures. 2D is a class that strikes a happy medium. In the field of sports we have contributed A. Walsh, J. Doris and D. Ganey to J.V. football, not to mention M. Gilligan, the pride and joy of the J.V. basketball team. Since no class is complete without one clown, we all agree that R. Tinger is our nominee for that role. Laughter seems to follow in his footsteps. We also boast of the talents of G. Allen who won the Sophomore Essay trophy, ten dollars in cash, and best of all, a spot in the Tower. Brother James Francis, our easy-going, understanding home room teacher, indubitably helped make this year at the Mount a happy one.

One of our more Ambitious Students.

Sophomore E

Excellence exemplified—that is the theme of class 2E. The Lord was good to us this year by honoring us with Bro. Gabriel Francis as our highly respected home room teacher. Any scholastic difficulties were overcome by a strong spirit of perseverance and the ever existing thirst for knowledge. No second or first honors but also very few failures proves our class was the best of the average sophomore classes. Actually, we were the most handsome, lovable, athletic and religious Adonises that ever roamed the corridors of the Mount. We admit, however, that we sometimes give our teachers a rough time but they, in turn, don't exactly make our life a "bowl of cherries."

We are well represented in extra curricular activities. Intramural football was weak because of the absence of such J.V. team members as J. Thomassi, J. Geis and B. McGrath. However, our basketball hopes get higher every day as the team comes down to a neatly polished five. Only one member of our class is represented on the J.V. basketball team and he is Sal "The Stilt" DiGrandi. The track team is amply represented by such speedsters as W. Cavanaugh, J. Crowley and L. Silva.

You can be sure that if you follow the careers of the members of class 2E you will find them all at the top of their fields.

"Ain't ain't in the dictionary."

Sophomore G

Described by Brother Pius and a host of others as a "pain in the neck," the "cutups" of class 2G make their grand entrance. Our class has the distinction of knowing the Dean of Discipline better than any other in the school, since there is always the usual amount of representatives of the class in the jug room. We also go in for other extra-curricular activities such as:

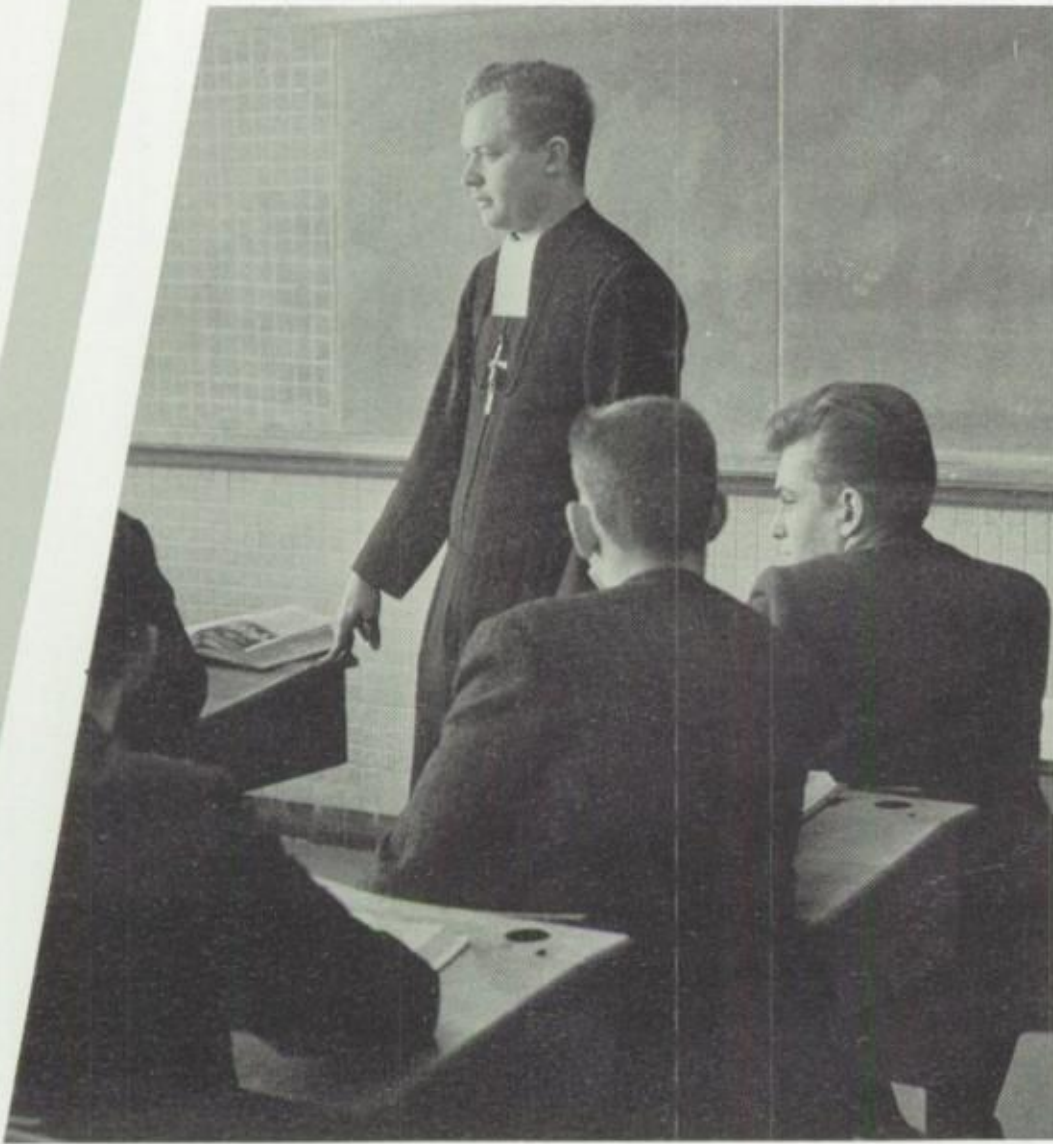

Track, 2G was well represented by C. Weidner, J. De Sanctis, G. Ryan and medal winner M. Coleman. We accept the J.V. football team's thanks for our enormous contributions such as: our home room teacher Brother Denis, as moderator, J. Cortale, who is also a sodalist as manager, and of course players F. Branca, J. Pasqantonio, and R. Leetz. On the hardwood to keep the J.V. hoopsters hustling are T. Woods and R. Lutz from the hallowed halls of 2G. Our band may not include Gene Kruper and Louis Armstrong but we come close enough with W. Ebade and T. Palazzo. On the intramural basketball court we can see our starting team warming up, we see J. Murray, J. Di Pasqantonio, F. Branca, L. Rossert, and F. Lauria.

And also at the close of this short article let us remove our hats and lower our eyes and let the drums roll and bugles blare as we repeat the sacred motto of 2G: "Eat, drink and be merry for tomorrow we flunk!"

"Who does he think he is?"

Sophomore F

"I'll accept that."

Scintillating, vivacious, brilliant, certainly does well as a verbal description of 2F. 2F has displayed remarkable potentialities in both academic and extra curricular activities. 2F's do not credit themselves as being the most intelligent students in the world, merely the most intelligent in Mount St. Michael. In addition to our academic achievements we are understandably proud of the fine performance of our intramural football team. Under the skillful direction of Frank Bellezza and John Burke, (they think so anyway) our gridsters earned the intramural championship for 2F. To the J.V. Football team went the rugged assistance of P. McCarthy, T. Connors, N. Murry, V. Belcastro, A. Bonsignore and F. Wolfe. J. Hall provided 2F's contribution to Basketball and A. Bonsignore's sticky-fingered collecting have put 2F at the top of the list in Sophomore mission total.

In summing up our many accomplishments one must conclude that 2F will rise to the highest pinnacle achievable through hard work and will carry themselves through life living up to the ideals impressed upon them by their teachers and will reflect the outstanding education received at Mount St. Michael.

Cramming for the big one.

Sophomore H

The majestic portals open with magical ease . . . some fifty stalwart mounties walk resolutely to their new home room . . . they no longer are the laughing freshmen of 1960, but the serious faced sophomores of 1961 . . . their conceit and complacency have given way to confidence and conviction . . . an awareness has appeared in their eyes as they understand the impact of *ad astra per aspera* . . . now they know that there is no royal road to learning . . . and they realize how great their debt is to their teachers as they acknowledge with Christian humility and gratitude the assistance and guidance that someday will make them real men and scholars . . . for over and beyond their own personal worth, who knows what worlds they will explore beyond the earth?

Clean fingernails are the key to success.

Sophomore K

Hello to all from 2K, the most talked about class in Sophomore year. We have many talented boys in our group. They are masters in the art of oratory, always talking out of turn. Their conversations have been interesting and record breaking. We were rewarded with some after school sessions, all arranged to tone down our speech making. We will, it seems, become politicians and diplomats.

All kidding aside 2K has made several contributions to activities such as intramural and inter-scholastic teams. The inter-scholastic sports featured such 2K "pros" as "Speedy" Maier, "Shorty" De Bellis, and "Snake Hips" Bisogno. In basketball we had a few Cousys such as "Big Dan" Hofer and "Hawkeye" Acheson. Our contributions to track were small, but worth while. We had "Pokie" Soprano and "Speedy" Skiver. We also added a few Chopins to the band. In intramural sports, our performances were "just fair."

On the whole, 2K has a fine group of boys. We are very thankful to Brother Joseph Vidal, our home room teacher. He has guided us well; his advice has made us good Sophomores. We will all be sorry to leave Brother and the class but we'll carry with us many fond and funny memories.

"Hey, Buddy . . . You bother me"

Freshman A

An explosion of laughter rocked the classroom of 1-A as our homeroom teacher, Brother Dominic,, once more opened his infinite supply of Chuckles. But laughter has certainly not been our major pastime, as scholastic and athletic activities rank tops in our room. During the year we have given football and other sports their finest players. Our class lost the intra-mural football championship, but before we went down, we sent many other classes out of the league. Generosity seems to have been one of our finer traits since we led the entire high school division in the Mission collections.

Music falls sweetly upon our ears and we have contributed a few of our class members to the symphony orchestra. We have produced members for practically every club organized in the Mount. To mention a few: football, basketball, track, band, science club, sodality and bowling.

And so, as all of us agree, our motto will always be "Ad Astra per Aspera."

"What to do, what to do?"

Freshman B

Courteous — Considerate — Courageous: three descriptive adjectives, which can be used to describe the class of 1B. But these are not the only ones, for Bro. Robert Jerome has others with which to characterize us.

After getting over the shock of our first few days at the Mount, we settled down in room 15 for what has proved to be a very successful year. Once we became accustomed to the "do's and don'ts" of school life here at the Mount, we proceeded to make a name for ourselves. We have accomplished many feats of which we are proud, both scholastically and athletically. In intramural football we captured first place. We were well represented in Frosh football and basketball and have sent many of our members to the Forum, Band, and Glee Club.

Brother Robert Jerome, by his expert teaching and guidance has shaped up a bunch of "green-horns" into a respectable group of "meat heads" and "eager beavers." All things taken to consideration, we look forward with fortitude (in One B you need it) to three more happy and memorable years at Mount St. Michael.

Freshman C

Finally, you've reached the most coveted page of this yearbook.

Here we are—Class 1C. Under the guidance of Bro. Myles Eric we've become one of the most active of all Freshman classes. Our activity started when we sent J. McGrath, J. Panos, Werner, and C. Smedira to the gridiron for one of Mount's most spectacular seasons. But, that was just a start. Since then F. Garvey, C. DeCiutiis, and R. McGlynn have combined their speedster talents to come up with three major letters.

E. Graziano and H. Kurr, as well as others, have led the Forum to much success and many of our class members are sprinkled throughout the other school activities.

Scholastically we are ranked among the top in Freshman year. We're the first ones to test a new system by taking an advanced course in Algebra and Science.

All in all however, we all agree that we're lucky to have Bro. Myles Eric for homeroom and hope that we can get along with the other Brothers and lay teachers as well as we get along with him.

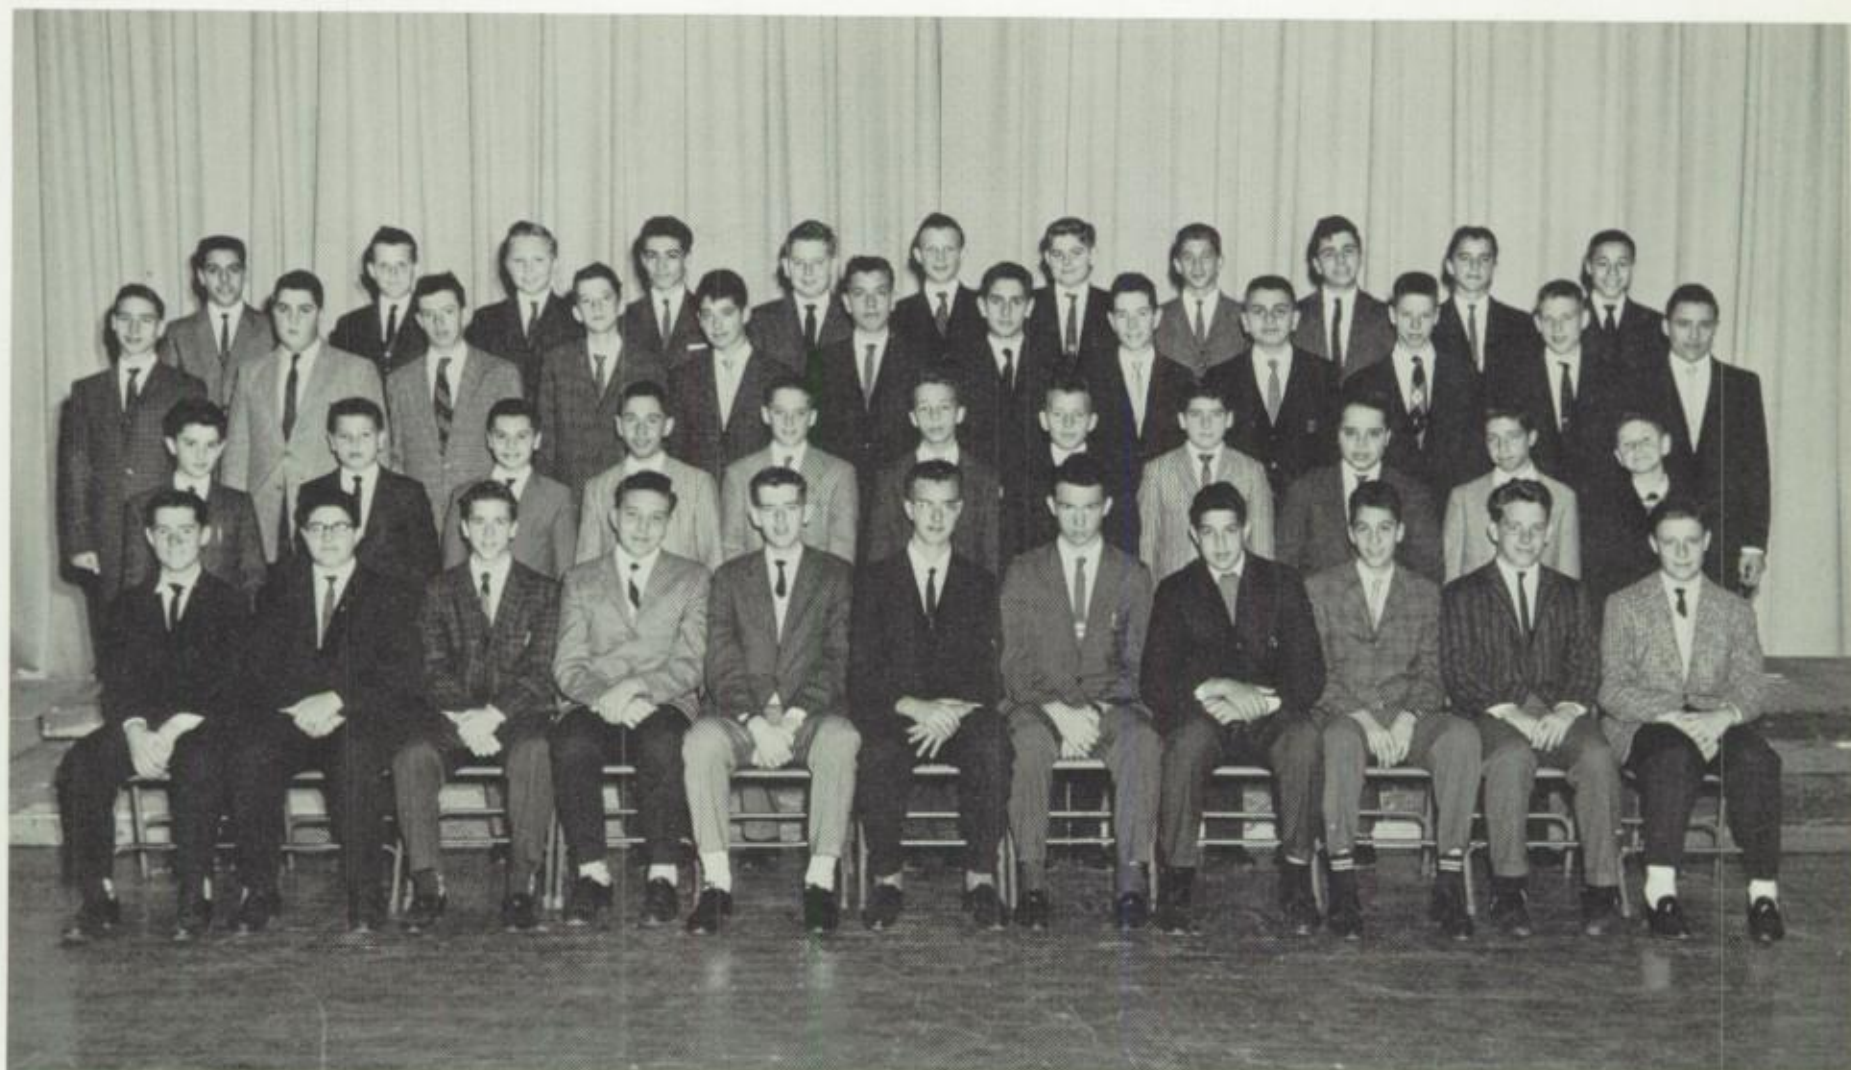

"Who! Who! Who!"

Freshman D

After getting the shock of high school at Mount St. Michael, class 1D proved it could make high school fairly easy!! Frosh "D" has proved its ability both scholastically and athletically. Athletically we are tops. In intramural competition our class ranks among the last, but we are good losers. In competition in other activities our class has scored high. In track contests Richard Bell, Peter Purchia and Robert Wynn have all earned letters. Paul Henk, Robert Haas, Tom Cuggino and Peter Wilkinson scored in their athletic fields. 1D is also proud of its Sodalists, Forensics and Poster Club members. Our scholastic ability is above average, thanks to our kind teachers, Mr. Catsoris (Latin); Mr. O'Donnell (English); Bro. Charles Patrick (Social Studies); Bro. Adolph Leo (Elementary Algebra); and Bro. Albert (Science).

Although far from the cafeteria we are near the gym, library and the exit. Voted for President of 1D was popular Peter Purchia. Our home room teacher, Bro. Thomas Anthony, well known frosh math teacher, was also pleased with our results. In all due modesty we believe that we are the best class in freshman year.

Frosh E

Life in class 1E of 1961 is an unforgettable experience. The various personalities in the class help to create a pleasant atmosphere.

During the past year the faculty tried to mold us into the citizens of the future. Scholastically and spiritually, we had some of the best teachers for this task. The home room teacher did his best to inculcate into each of us a greater devotion for Our Lord in the Blessed Sacrament and for His Blessed Mother—a devotion that will definitely remain with us.

In the field of intramurals, we did not come out on top, but by the same token, we weren't last. The class football team lost its third game, thereby dropping us out of the league. In basketball we were feared as stiff competition, but again we failed to capture the crown. However, we were certainly not niggardly in giving our share of participants to the different activities. Class 1E was proud to have J. Pawlowski, V. Covello, W. Thurston and T. O'Connor on the Frosh football team. In basketball W. Thurston (again) made the first string. And in track, 1E was represented by such stalwarts as D. Damon, M. Dempsey, R. Huntington and W. Scudieri. Three of our boys are in the band. These include Richard Sinnchock, George Dregely and Vincent Covello.

Scholastically we did fairly well, keeping an average of ten boys on the honor roll. It is this achievement that we shall try to maintain during the coming years.

"There it is." "I told you so."

Frosh F

You Don't Say!"

We, the students of 1F, design
a memory on the Mount which will
never decline;
If through declension or detention,
trouble shall arise, faith of the Mounties
Shall bring clear skies.

On the grounds of reputation it is a known fact that pride shall always be associated with the class of 1F, 1961. Having both a scholastic and athletic group and possessing the encouragement of Bro. Felix Matthias, we inevitably acquired the "Spirit Award" at the Freshmen Track Meet in the early Fall.

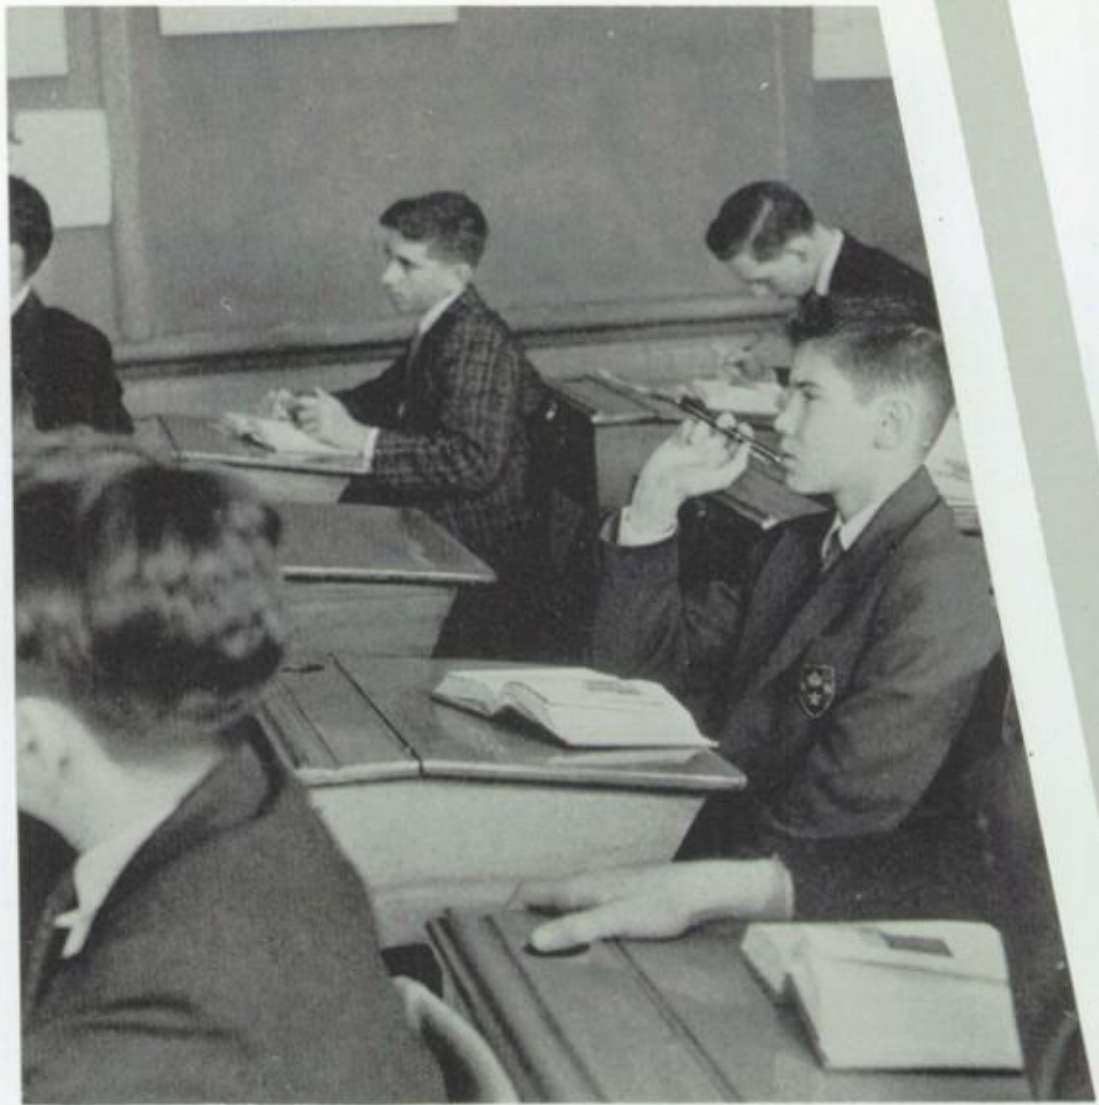

Scholastically, the students of class 1F have attained numerous honors during the tenure of five marking periods, for which we are very proud, and we have received an unusual number of laurels since. All thanks go to our teachers, the devoted Marist Brothers.

Freshman G

The opening day at the Mount is one long to be remembered by Freshman Class, 1G. Silence reigned supreme as forty-five minds, working as one, reflected back to the glorious past in elementary school. Now we were in the hallowed halls of Mount St. Michael Academy, embarking on a new career. Our laurels of years ago having been cast aside, forty-five anxious students; bodies tense, hearts pounding, pulses raised, beads of anxiety perched on our brows, hopelessly searched the classroom for a friendly face or a guiding hand.

A door suddenly opened—in walked our homeroom teacher, and, as he gazed about at the solemn faces, broke the gloomy atmosphere by a cheerful, "Welcome Gentlemen." These words pierced the heavily laden atmosphere like a sharpened sword, and all the tension and nervousness of the new Freshmen seemed to melt away as newly driven snow under the blazing morning sun. The most prominent thought in each and everyone's mind was that he would have a successful career, after four years, under the guidance and leadership of the Marist Brothers.

Our homeroom moderator, Brother Albert, reminded us that any and all honors previously gained in elementary schools were to be left outside the walls of this Academy. Henceforth, we were to be known as the yearlings of The Mount, Freshman Class 1G. As the forty-five students absorbed the words of our moderator, all minds turned as a unit. Just what does 1G mean? Good? . . . ah, . . . GREAT! Upholding the word GREAT, modestly we say that we of 1G

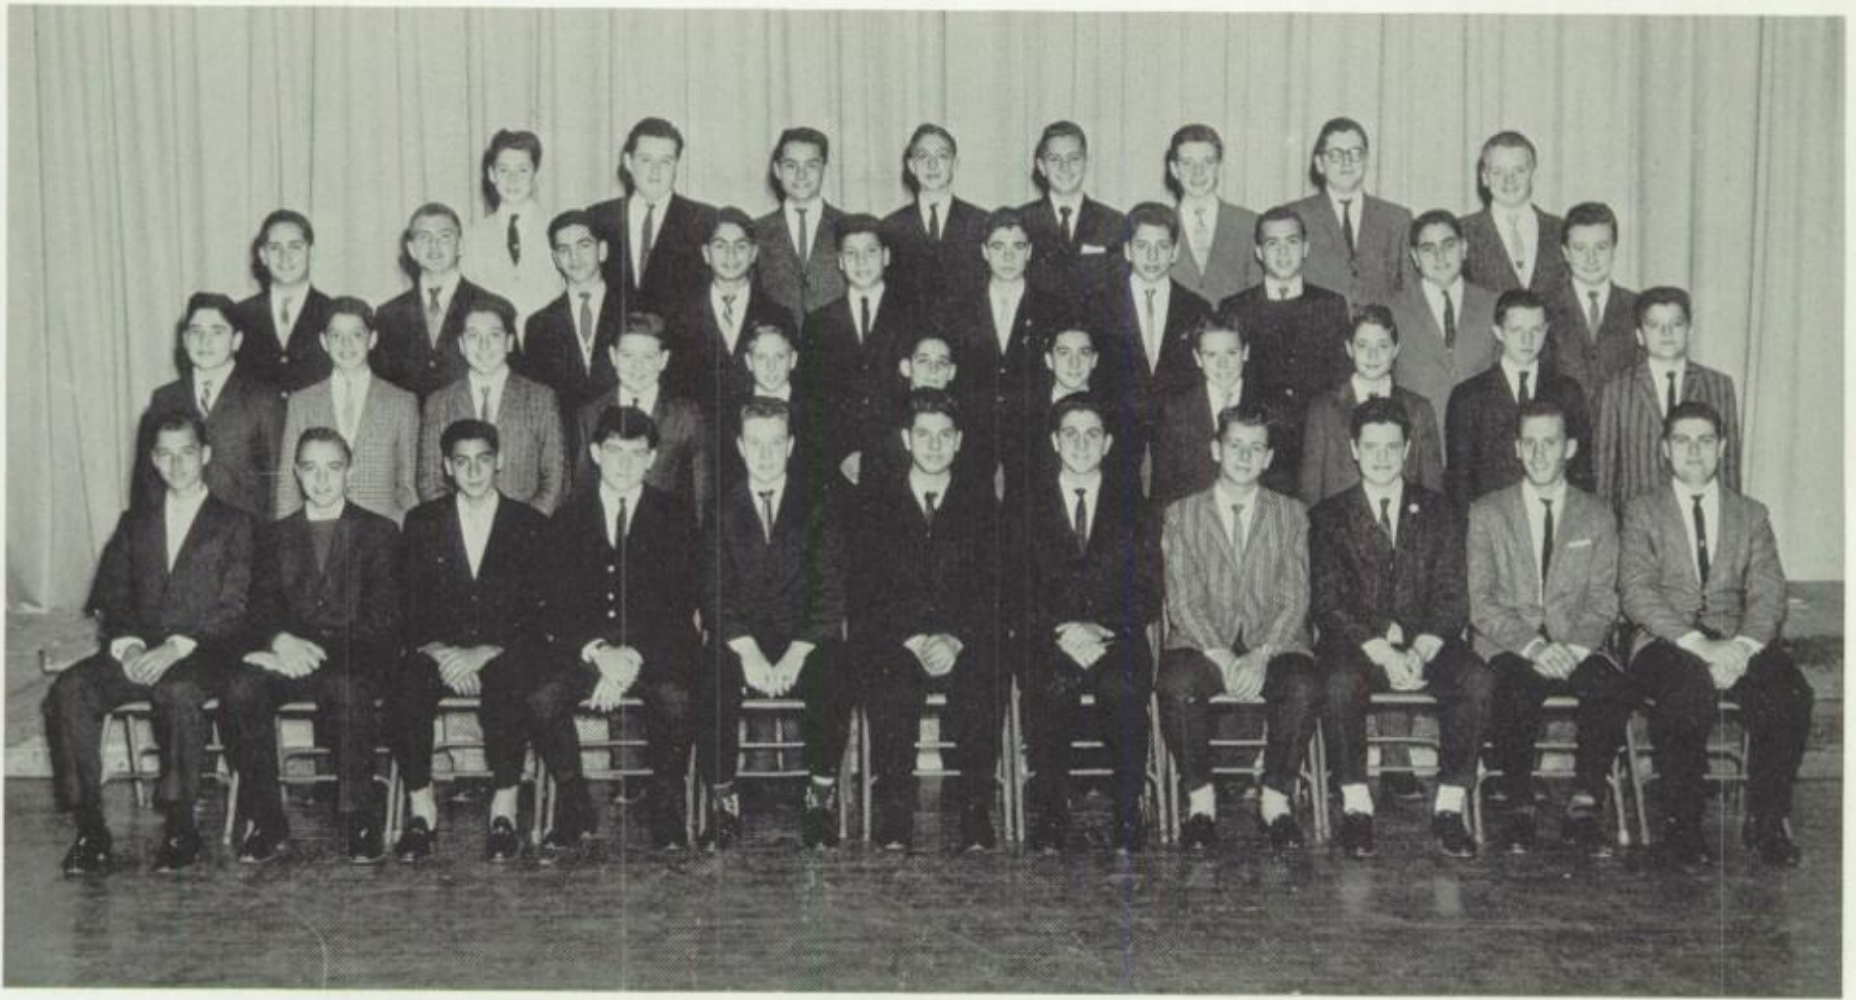

"Now what's this 'guy' talking about."

have excelled in Freshman football, basketball, and track. Scholastically, this aggregation will make the Faculty members of the Mount proud of 1G. (We hope.) At the end of the year, we will leave our Freshman surroundings and go forth to the Sophomore sphere of the Mount, seeking bigger and better triumphs, with the help of Almighty God.

Freshman H

Welcome to class 1H, Bro. Mark Roland presiding over his prize packages—and what a collection we are!

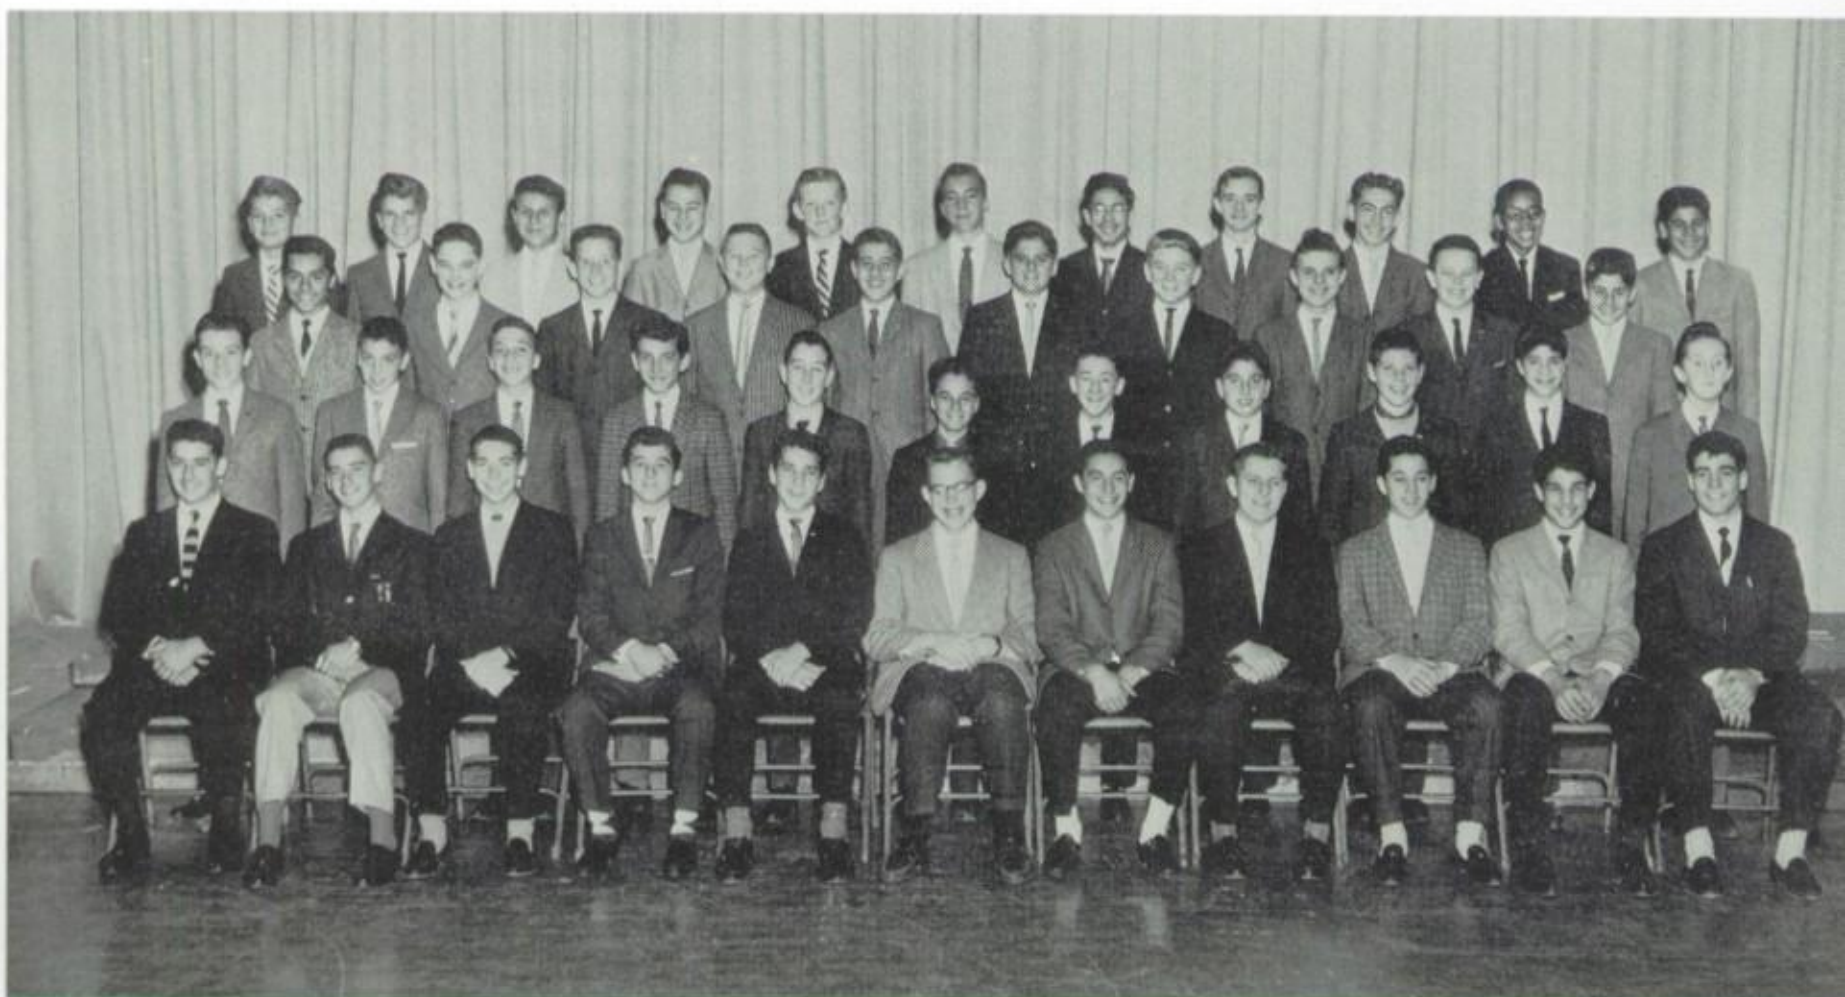

This class is made up of all kinds of boys, varied in temperaments, conducts, interests and ambitions. When we get together for class, the teachers really get an acid test in fortitude. Thank God the good Brothers and lay teachers at the Mount abound in this.

Looking on the good side of class 1H, we rank high in school citizenship. We were undefeated, until we had a drawing between the three top classes, and you guessed it! We lost.

Freshman K

Forget something? Yes, that's right, just swing that spotlight over here. You said it, if ever a class deserved recognition for its achievements, this is it. Let's just take a peek at the records. Class 1K has contributed ten of Johnny Unitas (ES) to the Mount Football Team. Among our gridiron stars are: Tom Costello, Ted Monro, Ray Mulholland, Tom O'Connor, Bob Yehle, Bob Pierga, Pete Kull, Bob Atkins, Richie Morgler and their manager Jimmy Barns.

In track, 1K can boast about its potential "Olympic" runners such as: Neil Prota, Jimmy Borck, Joe Schaefer, Jimmy Coluci, and Bob Yehle. The proof of such a claim is the first place plaque won by the class in the Freshman Field Day Games. Although the Einsteins run few and far between in this class, a number of us have laid claims to scholastic honors, included in this category are: Peter Fratarcangelo, Bob Pierga, Paul Peterson, Richard Tallon, and Thomas Colucci.

All in all, this year's 1K has merited a reputation second to none. May the achievements won by each of the classmates in their drive act as a stepping stone to greater heights within the years to come. Any team that lays claim to success owes much to its coach. Similarly, 1K's proud boast to achievement would not have been possible without the guidance and aid of our homeroom teacher, Brother Raphael Martin.

Promising, very promising.

Freshman M

As September rolled around, our class of 1M nestled together for the first time. School started off with a bang for even our teacher cheered us on with many a humorous day. To a Brother we attribute our many scholastic and athletic honors. In the person of Brother Joseph Gilmary we were given the spirit and confidence necessary to produce an unsurpassed school spirit and reputation. Indeed we have made a name for ourselves in relationship to such activities as the Frosh Student Council. Joseph Terilli, who has participated in the Track Team with many of our compatriots, was elected to the Council as a representative. Those of our class, wishing to enrich themselves spiritually, associated themselves to the sodality. And these were many. For those who like to express themselves in an oral manner, the Forum proved a direct and pliant outlet. The Science Club also became the fruitful instrument of experimental knowledge for many of our members.

In summation, we would like to made known that our class has contributed greatly to many activities and also to jug after school; this being due to the fact that we have in our ranks one of the school's best orators . . . ? ? ?

Activities

Student Council

The Student Council exists at Mount Saint Michael for a threefold purpose: to establish a closer bond between the faculty and the student body, to provide suitable social and extra-curricular activities for the student body, and to encourage the support of and participation in the established activities of the school.

Members of the Student Council take great pride

in the distinction and honor conferred on them by the position they hold and the insignia they wear. Being the elected representatives of the student body, and therefore the acknowledged leaders of the school, they recognize that theirs is a responsibility demanding example, leadership, and achievement, as well as generosity and devotion.

The Mountaineer

The Mountaineer, as an activity, is made up of a small group of students, presently under the direction of Bros. Philip Gerard and Mark Roland, whose function is to capture in words and pictures the variety of events, which 'is the school year.' The obvious is not always the factual, and thus the 'Mountaineer' as a seemingly simple product is not in reality a make-shift volume, but rather a complex aggregation of pictures, layouts and write ups. Involving photography, the creative art of composition and a skilled hand at the drawing board, the 'Mountaineer' is nothing less than the result of hours of patience and perseverance.

The book is a tribute to a generous student body and especially to a dedicated faculty. In working throughout the year and in assembling the finished product, we have strived to provide an informal memoir of the scholastic year 1960-61. We should be disappointed if our work is not regarded as such.

The production would have fallen short of our expectations, had it not been for the dedication of Mr. John Catsoris, our faculty advisor, and the entire staff. It is to our editor-in-chief, Robert Sheil, our production editor, James Bermingham, and our associate editor, John Mulligan, that we are also indebted.

The Sodality

One of the finest traditions of Mt. St. Michael has been the Sodality. This organization presents a threefold program for the individual Sodalist; first, self-sanctification; second, sanctification of the world around him; third, a devotion to the Blessed Virgin.

To help the Sodalist fulfill the above purposes the Sodality sponsors a number of programs during the school year. These include a weekly dialogue Mass, recollections which enable a Sodalist to look into his spiritual development, lectures and discussions on various moral and religious topics, and also a whole series of general apostolic works. Among other things, the Sodalists generously give up their time to teach catechism at the neighboring parishes, assist at the institute of the blind, and run a Christmas party for the orphans.

A word of credit and appreciation should go to the moderators of the Sodality in all four years. Brothers M. Eric Anderburg (Seniors), Joseph G. McGuire (Juniors), Raphael Martin (Sophomores) and Maurice G. Bibeau (Freshmen) have all contributed their time and effort most generously.

The Forum

This year's Forum, in an unprecedented comeback after dropping the season's first Catholic Forensics League tournament, won first place in the next four successive contests, setting an all time C.F.L. record. Sparked by the brilliant performance of Martin Andrucki and Charles Brennan in the negative and John Raedel and Joseph Zenga in the affirmative, who constitute the varsity debaters, the Mount Forensic Team has again proven itself an outstanding example of fervent endeavor and thus a valuable asset to the Academy.

In their first successful outing at Saint Helena's Bronx Oratorical Interpretation found Martin Andrucki in first place and William Rielly in third, while Fred Zongetti placed in the finalist categorie. Following up this victory, a repeat performance at Mother Butler Bronx gave the Mount both first and second places in Dramatic Dialogue, the teams of Parente-Zongetti and winning the laurels respectively.

Another of their outstanding achievements attained at Manhattan College, was a record number of points by a single team in a single contest—94. This was in turn supplemented by a fourth victory at the Academy of the Resurrection, Rye. Tony Parente, Charles Brennan and Fred Zongetti received trophies in the various segments of the contest.

Bro. Gregory Francis, moderator and coordinator of all Forum activities, was, through the year, extremely pleased with his group's performance, and especially as regards our victory in the four successive contests.

"The Music Man"

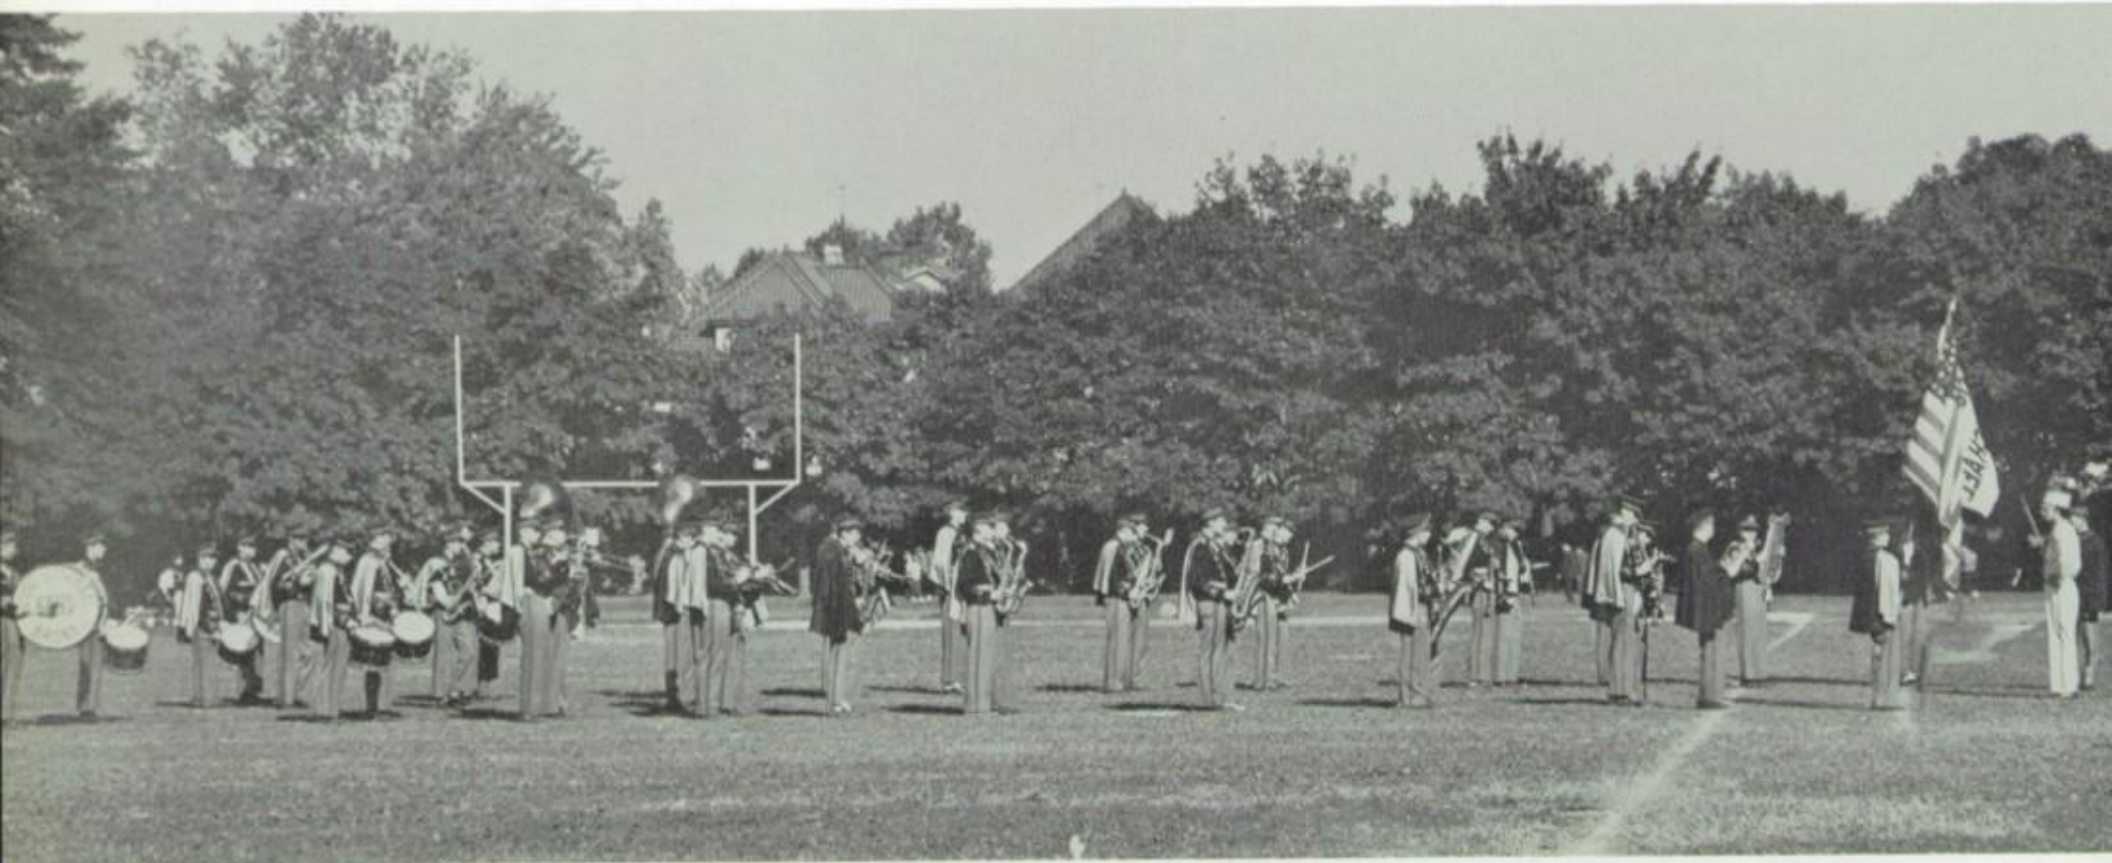

Mount St. Michael salutes Dr. J. A. Reuther on the occasion of his 20th year of successful direction of The Mount St. Michael Band. Under his guidance the Mount Band has taken great strides towards music appreciation. They have successfully mastered the Overture to The Marriage of Figaro by Mozart and the entire score to The Sound of Music by Rodgers and Hammerstein and many other beautiful works.

The music provided by the band under the leadership of Dr. Reuther and Br. Kevin Aloysius at football games and rallies has greatly contributed to school spirit.

This year marked the beginning of two new fields of endeavor for Mount musicians. Under the leadership of Mr. Al Joseph the Senators of Swing have

been formed. The eight members of this jazz group have added to the enjoyment of the Record Hops after the basketball games. The second field of endeavor is the new Orchestral group. The new string section is composed of ten violins, two cellos and two bass violins.

It cannot be denied that this phase of musical activities at the Mount over the past two decades has contributed immensely to the cultural enrichment of student life in and out of school. Every student who has engaged in such activities has been able to add immeasurably to the aim of the Mount curriculum—namely, the development of a well-rounded personality: a fine Catholic gentleman.

Poster Club

A little but very important activity at the Mount is the Poster Club. Under the direction of Brother Joseph V. Maruzabal the club's moderator and Peter Pariseau its President, this group keeps the student body well informed about upcoming games and dances. The Church Unity Octave and the Lenten season were well publicized throughout the school and through the efforts of the Poster Club.

Mount St. Michael's "Ever-Ready" Mother's Club can be found whenever and wherever women's hands are needed at any function of the Mount—be it at the Bazaar, Father-Son Communion breakfast or serving lunch to the Forensic League.

With a Marist Brother as their Moderator, mothers from both the Grammar and the High School meet the last Tuesday of each month of the school year to plan activities which include Bridge Parties and a Mother-Son Communion breakfast. Their many contributions to the mount include a monetary gift proudly presented each year to be used wherever needed for the school.

Now in its fifteenth year, the Mount St. Michael Men's Club is still as strong and vigorous as it was in its infancy. It has been the right arm of the administration at the Mount. Its yearly program of activities covers all phases.

On the spiritual side it sponsors the annual Father-Son Communion Breakfast, the Annual Closed Retreat for Men at Mount Manresa, S.I., and the Day of Recollection for Men in May.

On the social side it sponsors the Annual Winter Carnival in December. In the field of making the Mount known to future Mounties, the Men's Club sponsors the Grammar School Basketball Tournament and the Grammar School track meet.

To encourage our Mounties in all the extra-curricular activities, the Men's Club underwrites the full cost of the Block "M" Dinner when the Major Award winners in all activities are the guests of the Club.

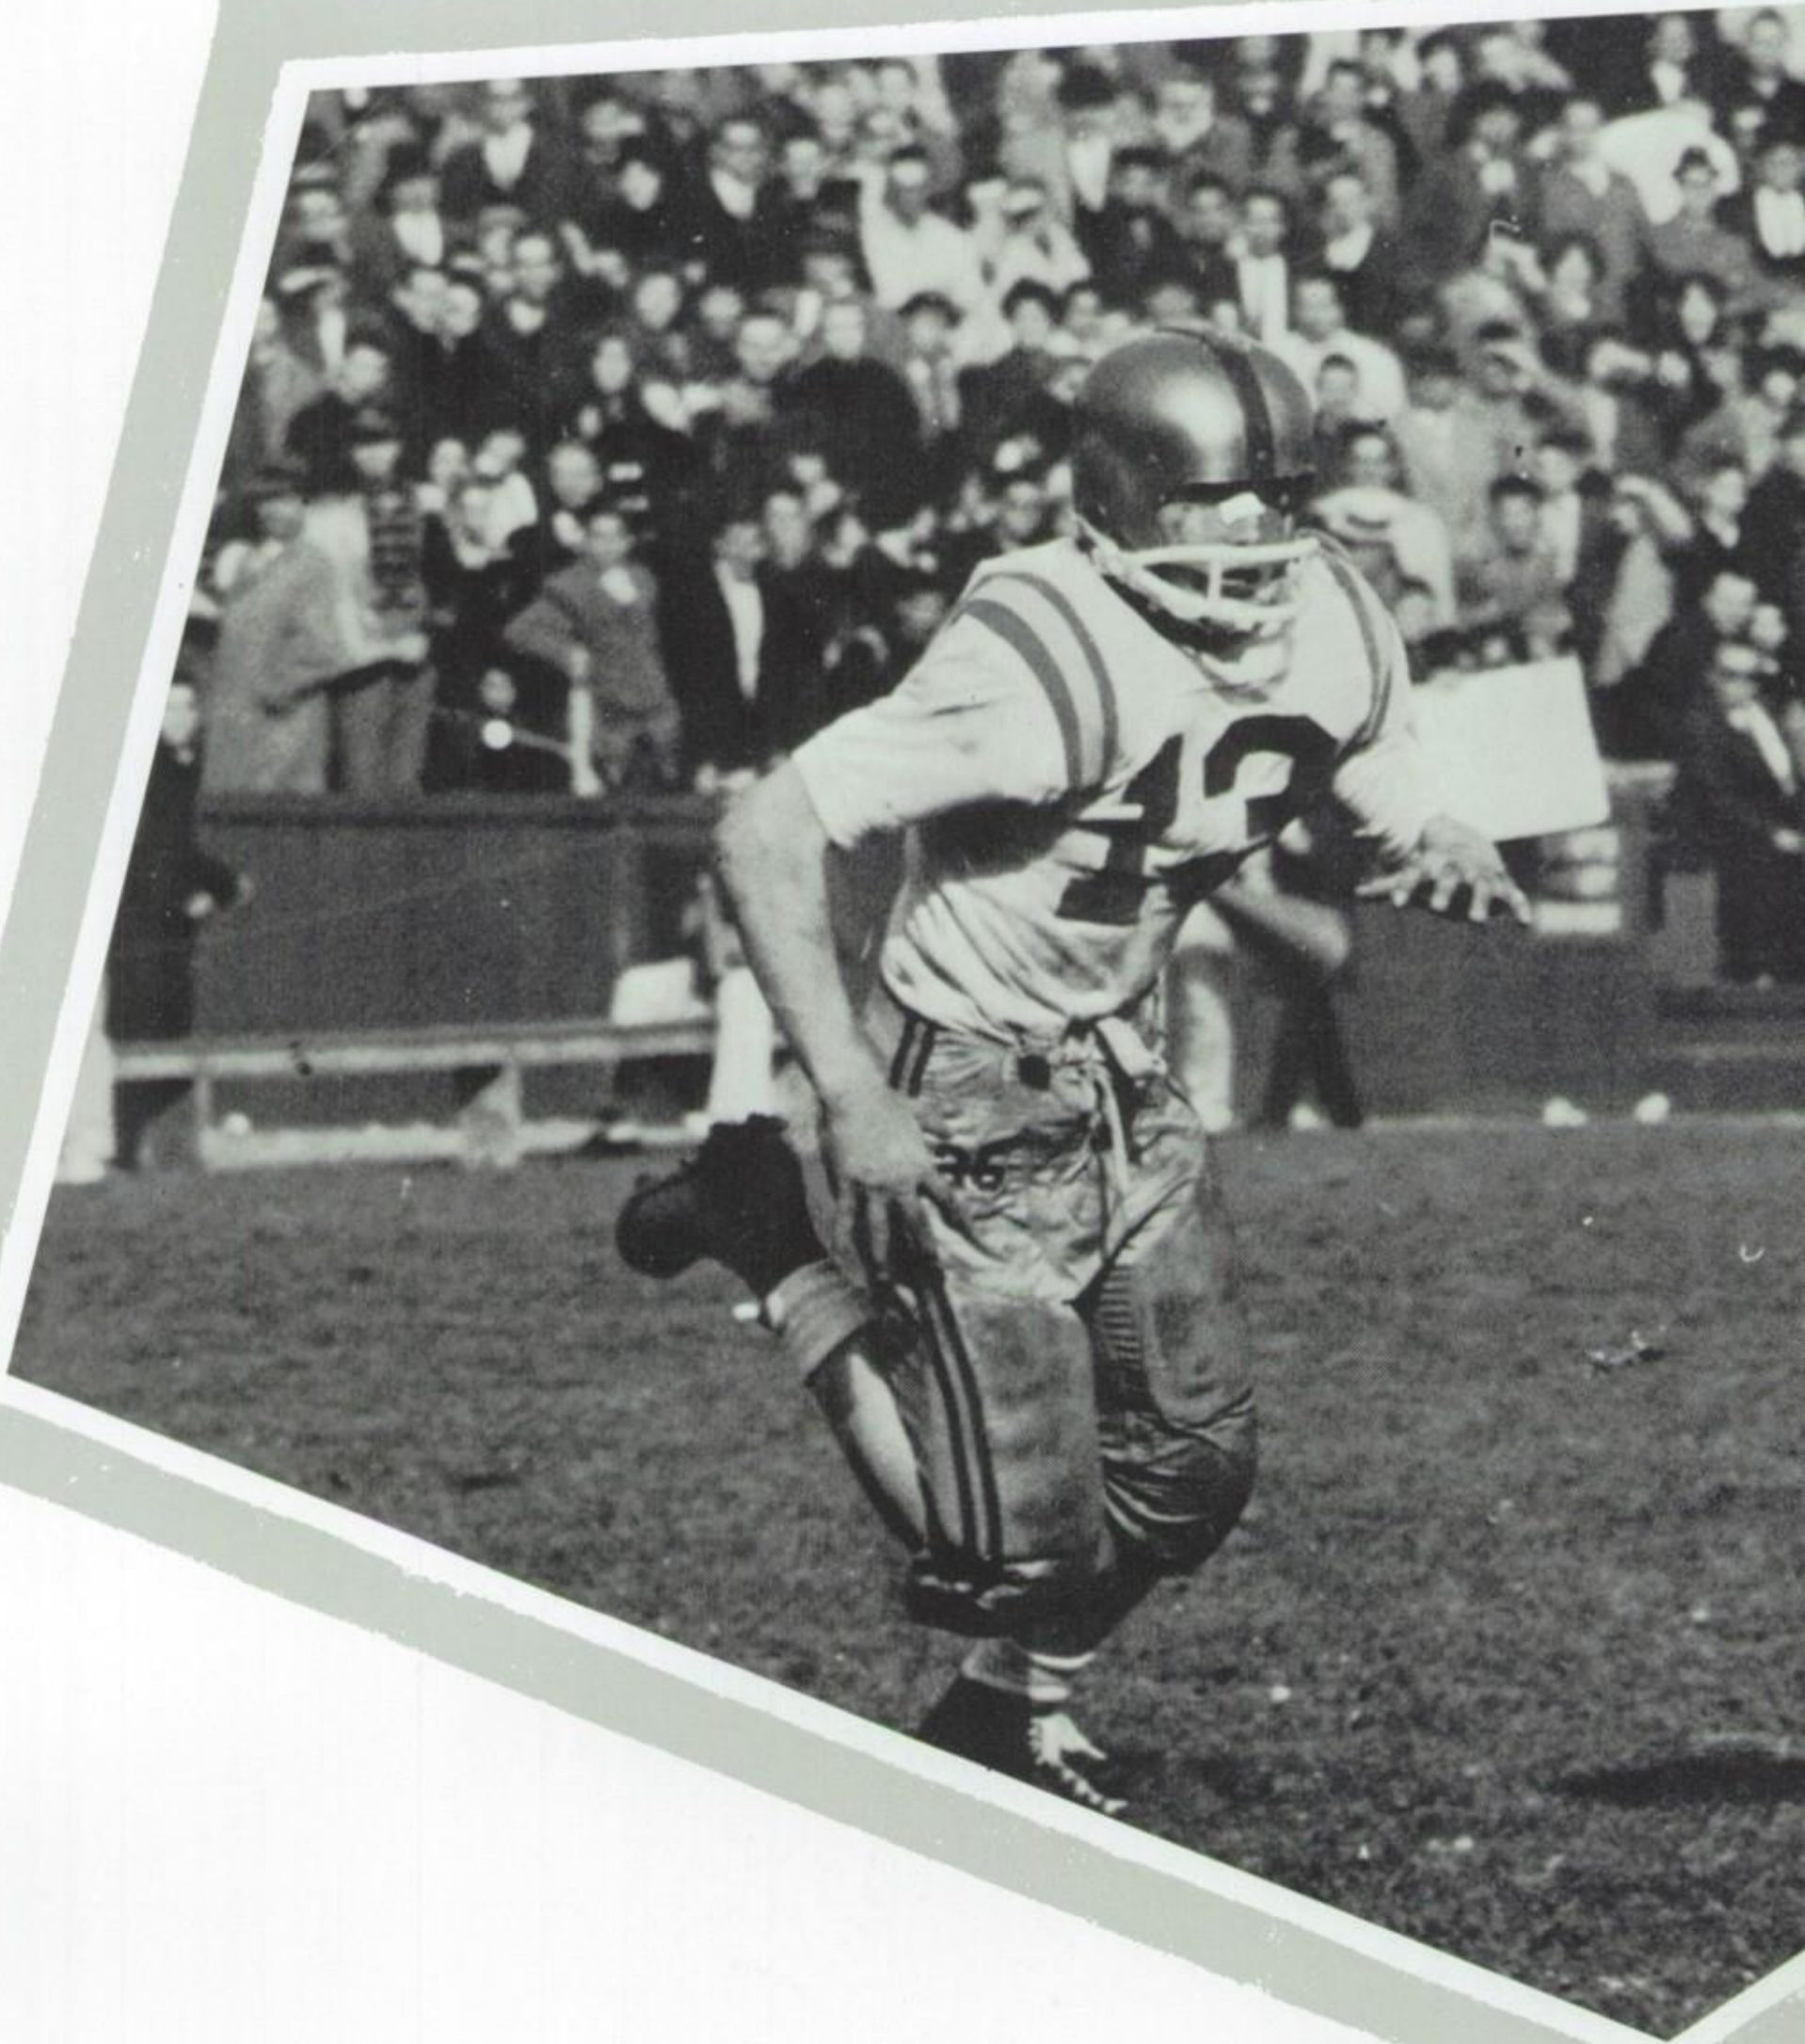

One of the Men's Club's most cherished activity is the Annual Orphan's Party at Christmas time, when under the able direction of its originator and perennial Chairman, Bill McGrath, the Club plays host to over 250 orphans in an all day affair.

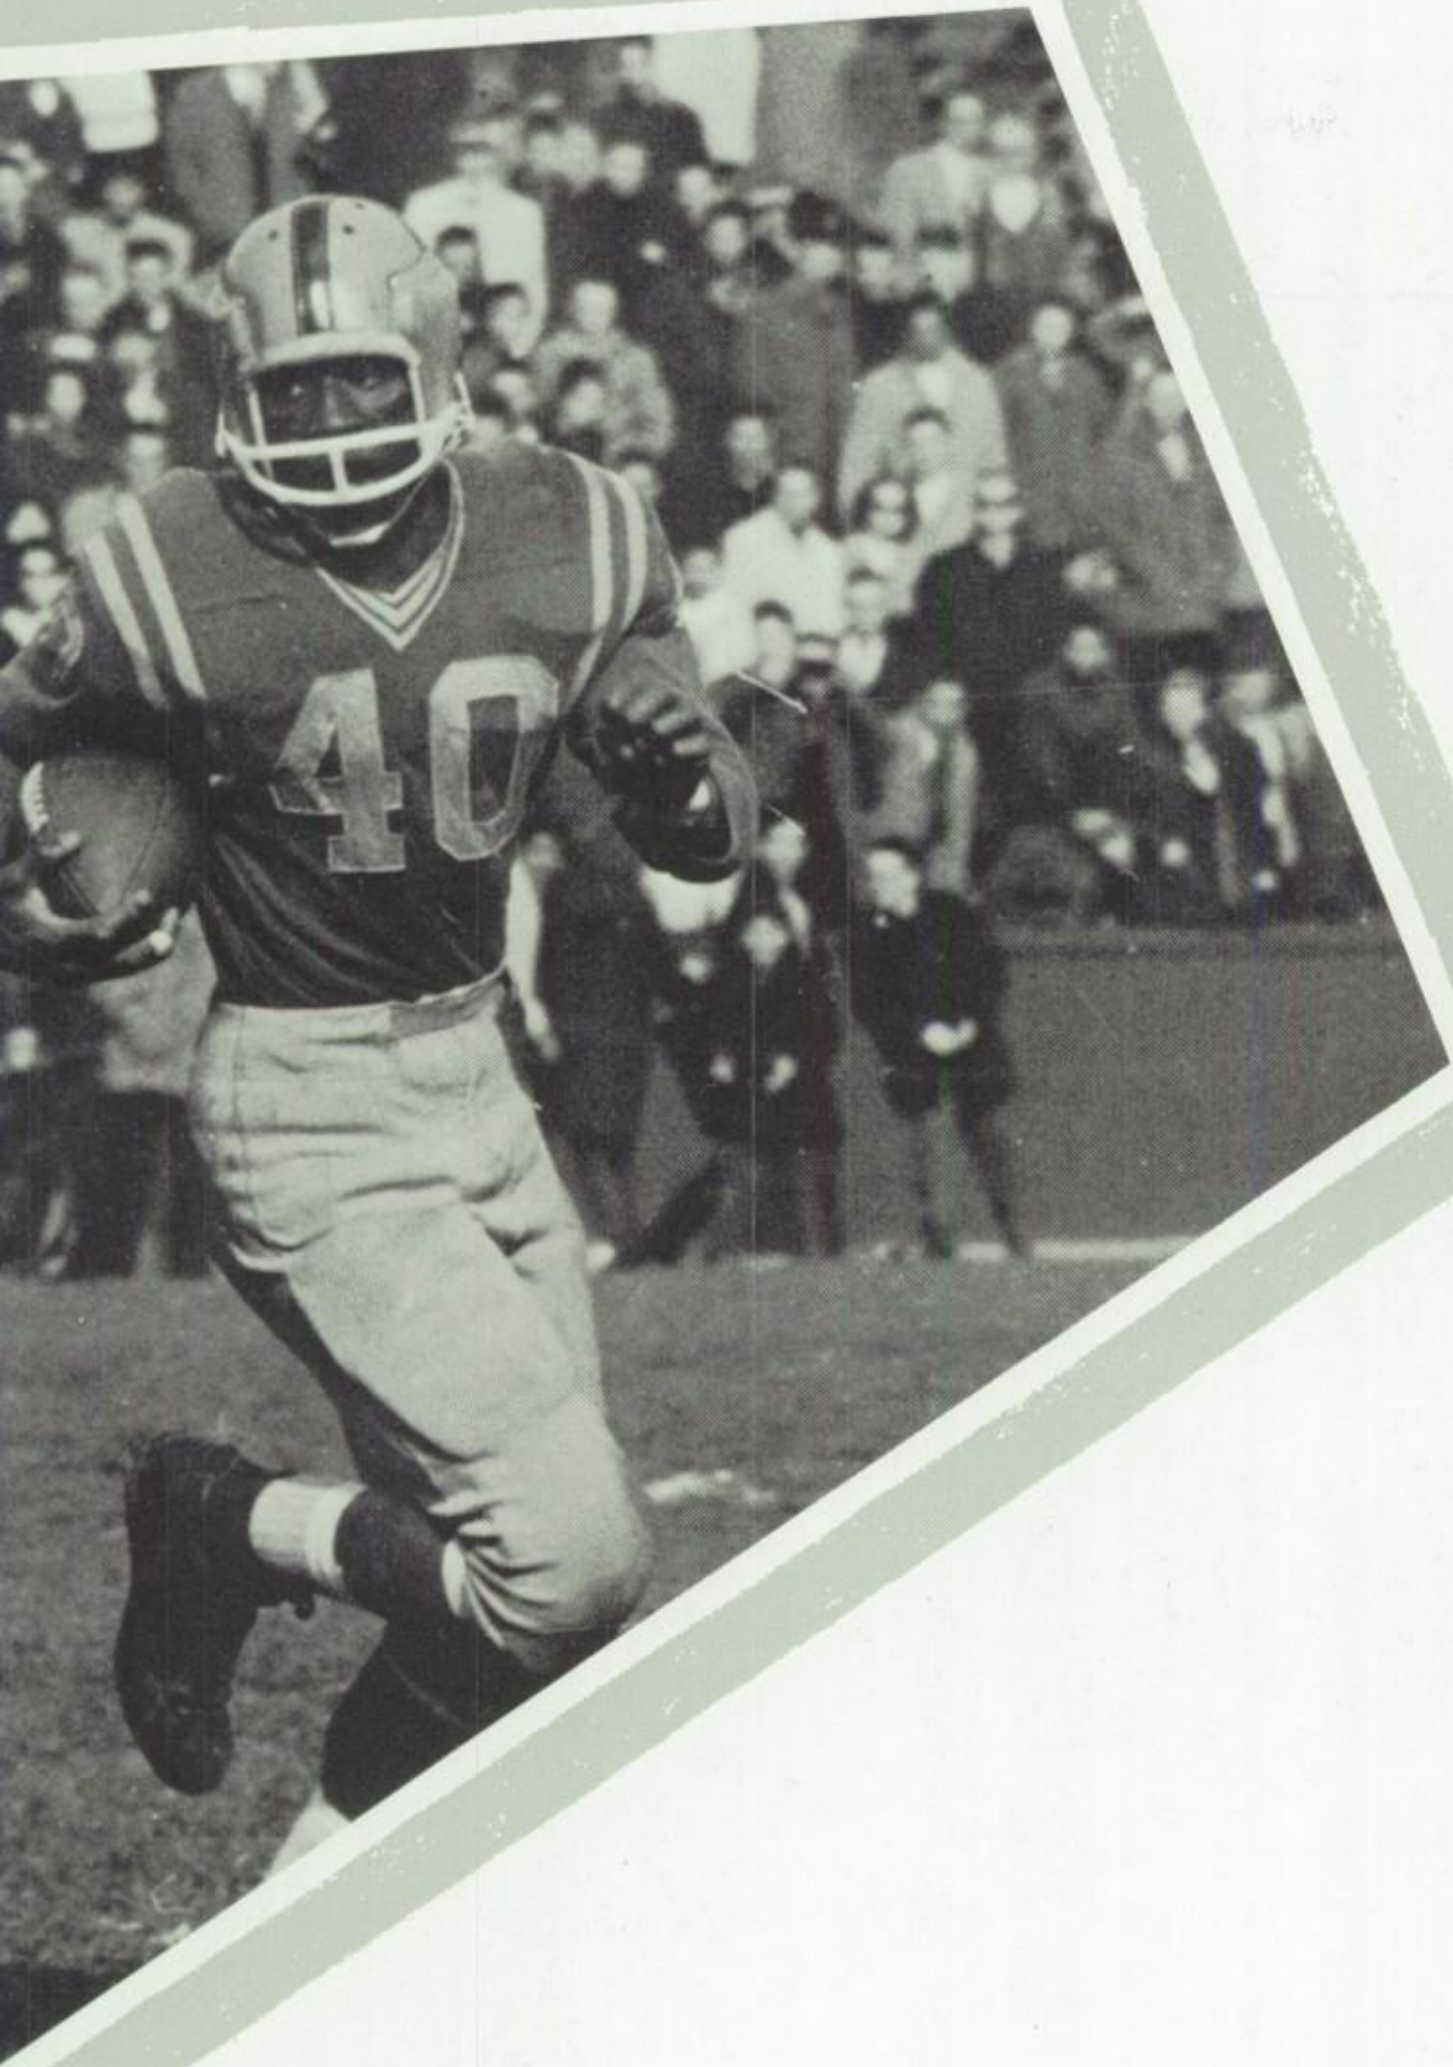

On the financial side, these gentlemen conduct the weekly Bingo games, and in conjunction with the Mount Mothers run the Annual Bazaar.

The year 1960-1961 has been as fruitful as ever under the wise guidance of President Philip Arcuri, and his able officers.

Athletics

Last September, at a football rally two days before the season opened, the voice of coach Howie Smith was heard to say that "though the team is inexperienced, I feel that with our desire, speed and size we shall have a good season."

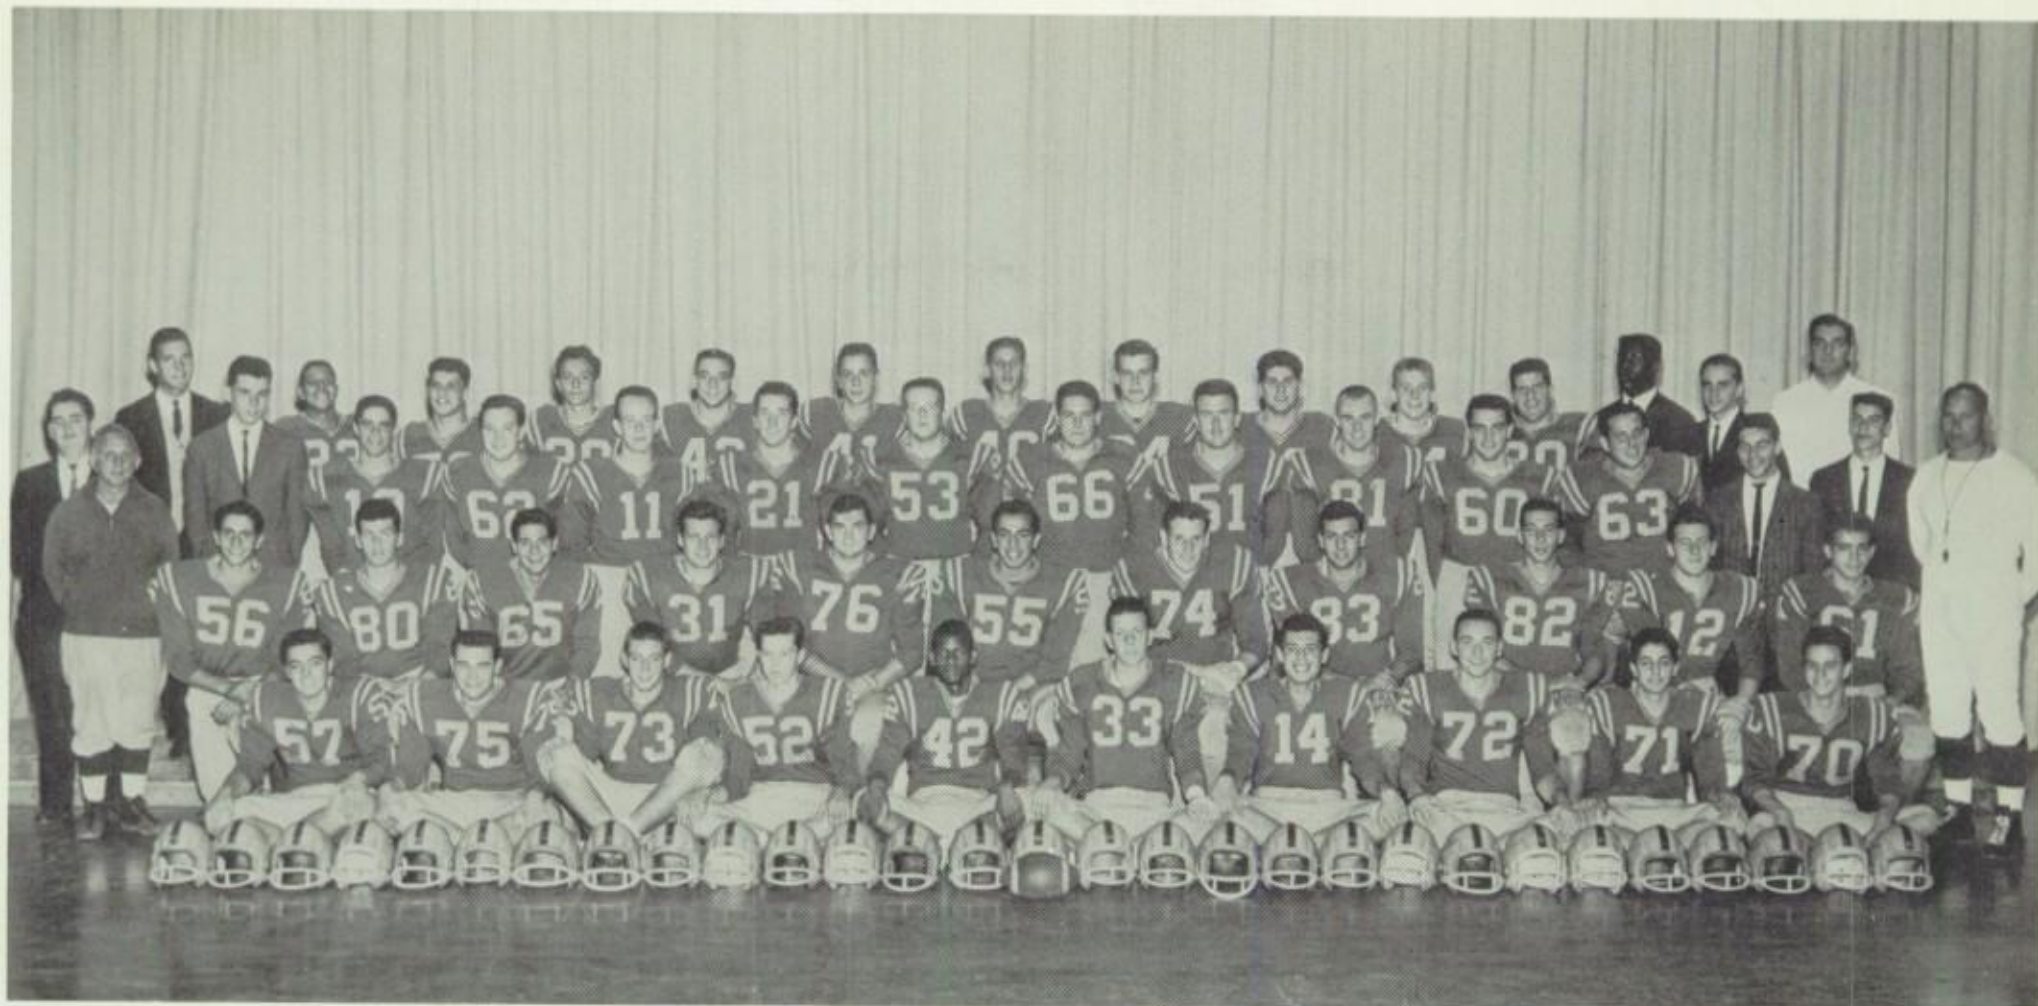

Howie proved to be something of a prophet as the team rebounded from a 3-4-1 record of the previous year to a fine 5-2-1 record this year. The Smithmen showed the traditional Mount spirit throughout the season, bouncing back after two setbacks at the hands of Stepinac and New Rochelle to bring home a good season in what might be considered one of the roughest schedules in New York City. In the end guard Jack McHale and tackles Bill Schoeck and Richie Gonzalez made first string All-City in the various city papers; and Tom Gillespie and Paul Gentile made the second string.

"You won't make a Barber College playing like that."

MT. ST. MICHAEL 14 — IONA 13

After defeating Holy Cross the previous week by a score of 28-14 the Mounties came from behind to win their third victory of the season in as many tries. A spirited Iona squad on some bang-bang pass play shad the Mounties down 13-6 at half time. However, in the second half, after Mount fullback Ed Regazzi scored a touchdown, Tom Gillespie plunged over for the two point conversion and the victory.

MT. ST. MICHAEL 28 — HAYES 12

Thanksgiving Day brought another downbreak with the Cardinals from the Grand Concourse. Close to 20 thousand spectators watched the Mount line do a fine job keeping a tough Hayes squad at bay. Mount grabbed the lead in the first period on a 60 yard pass play from Soph quarterback Mike Cunnion to Senior end Ed Kuehnel. They stayed out ahead from then on. Senior halfback Artie Bollon with two touchdowns did a fine job of replacing Tom Gillespie who had been injured earlier in the game.

MT. ST. MICHAEL 28 — XAVIER 6

In the opener the Keydets proved no match for the Mounties. On a show of devastating power featuring halfbacks Tom Gillespie and Jerry Hughes the team racked up a 22-0 score at halftime and easily kept Xavier at bay in the second half.

J.V. Football

A look at the J.V. season gives what you might call a lopsided impression. In averaging out the defensive effort of the team it allowed only about one touchdown a game. In spite of this the offense didn't cooperate and the team had a mediocre record of 4 wins, 5 losses and 2 ties. However, a big factor in the J.V. lapse was the number of injuries throughout the season, and it was more than once that as many as five starters were out with injuries. In conclusion, the J.V. showed traditional Mount spirit and with all factors considered it should form the nucleus of a good varsity squad in the future.

Running down the season, after a relatively bad start with losses to Holy Cross, Iona Prep, and a tie with Stepinac the team came through with wins over Jefferson (2-0), and Fordham Prep (28-0) and a tie with Davis (0-0). After two losses, one to Chaminade, the team pulled out a victory over Evander (6-0), and against New Rochelle played a spirited contest but lost 7-14. The season ended in a good note, however, as the J.V. won a 6-0 victory over Hayes.

Frosh Football

One of the most encouraging things as far as football at Mt. St. Michael is concerned is the fine work of this year's Freshman team. Sparked by a devastating offensive show along with a stubborn defense, the Frosh produced one of the best records at the Mount in recent years; they won seven and lost only two.

Not discouraged after its opening 6-22 loss to Holy Cross the Frosh picked up four straight wins over Blessed Sacrament (22-6), Stepinac twice (22-6 and 22-14), and Chaminade (14-6). In spite of a second loss to Holy Cross (14-22) the team came back to maul St. Francis Prep (28-6), St. Helena's (28-22), and Hayes (28-6).

Varsity Basketball

This past basketball season has been the most fruitful for the Mount's hardwood eleven in the past twenty years. The scoring and rebounding of Jack Brennan and Jim Dooley; the fine play-making of Tim Varian and the strong support of Greg Hutter, Dick Pugliese and junior, Larry Golden gave the Mount a startling 21 and 10 season and a berth in the C.H.S.A.A. playoffs. So, our hats are off to the entire team, the coach, Mr. Phil Leahy and the Moderator, Brother Brendan L. Haggerty, F.M.S.

Freshman Basketball

The predominant ingredients in the making of a championship team are generally recognized to be talent and courage; both in high concentration. The 1960-1961 CHS-AA Freshman Basketball Champions qualify in both categories.

Their talent is embodied in such athletes as Tom Cuggino, the team's high scorer, possessed of fluid movements and a champion's shooting accuracy; Jeff Cronin, the boy with the "feather" shooting touch and always available with the clutch basket and souring rebound; Don Weismuller, the 6' 2" muscle rebounder who never gives ground and recently is rarely less than a double figure threat; Bill Thyrston, the jump-shot artist; Don Hughes, the ball-handling wizard, who "cues-in" the all around offensive and defensive abilities of Richard Mergler as well as those of the entire second line.

The playoffs to determine the City Champions, however demanded more than mere talent. It was the courage displayed in tenacity that led to their 66-45 victory over McClancy with a 26-13 fourth quarter.

It is no easy task to face undaunted, in a championship game, a team which has proveiously been your victor in two contests. Yet such as the task of the Mount Frosh when on March 4, they were arrayed opposite Archbishop Molloy who alone remained undefeated in their 27 seasonal jousts. Yet, the balanced blend of both talent and courage rewarded them with a 63-57 victory and the first City Championship in the history of the Mount Sports Department.

CROSS-COUNTRY and TRACK

Although culminating the season with one of its poorer records, the Cross-Country team still placed among the top teams in the area. Mount runners placed fourth in the C.H.S.A.A. Sectional Championships and the Marist Brothers' Championships. The Squad took thirteenth place in the C.H.S.A.A. City Championships.

Coach Howie Borck lauded the team's co-captains Paul Stelmazyk and Howie Borck Jr. for their excellent times in the City Sectionals and the Private Championships. Track moderator Bro. Francis Matthew praised the efforts of the underclassmen on the team, especially Richard Bell's 7:02 for the mile and a quarter and Martin Duggan's 6:54 in the City Championship. Mike Gilligan and Vinne Calvenezi scored a striking 14:59 and 15:03 respectively in the Marist Brother's Cross Country Championship. The managers were Ray Scott and Bob Sheil.

INDOOR-OUTDOOR TRACK

Co-captain John Sasport provided the outstanding thrill of the Marist Indoor-Outdoor Championship meet at Molloy by snatching first place in the quarter mile with his time of 54.4. Howie Borch Jr. took third place in the 880 with a 2.04.2 clocking.

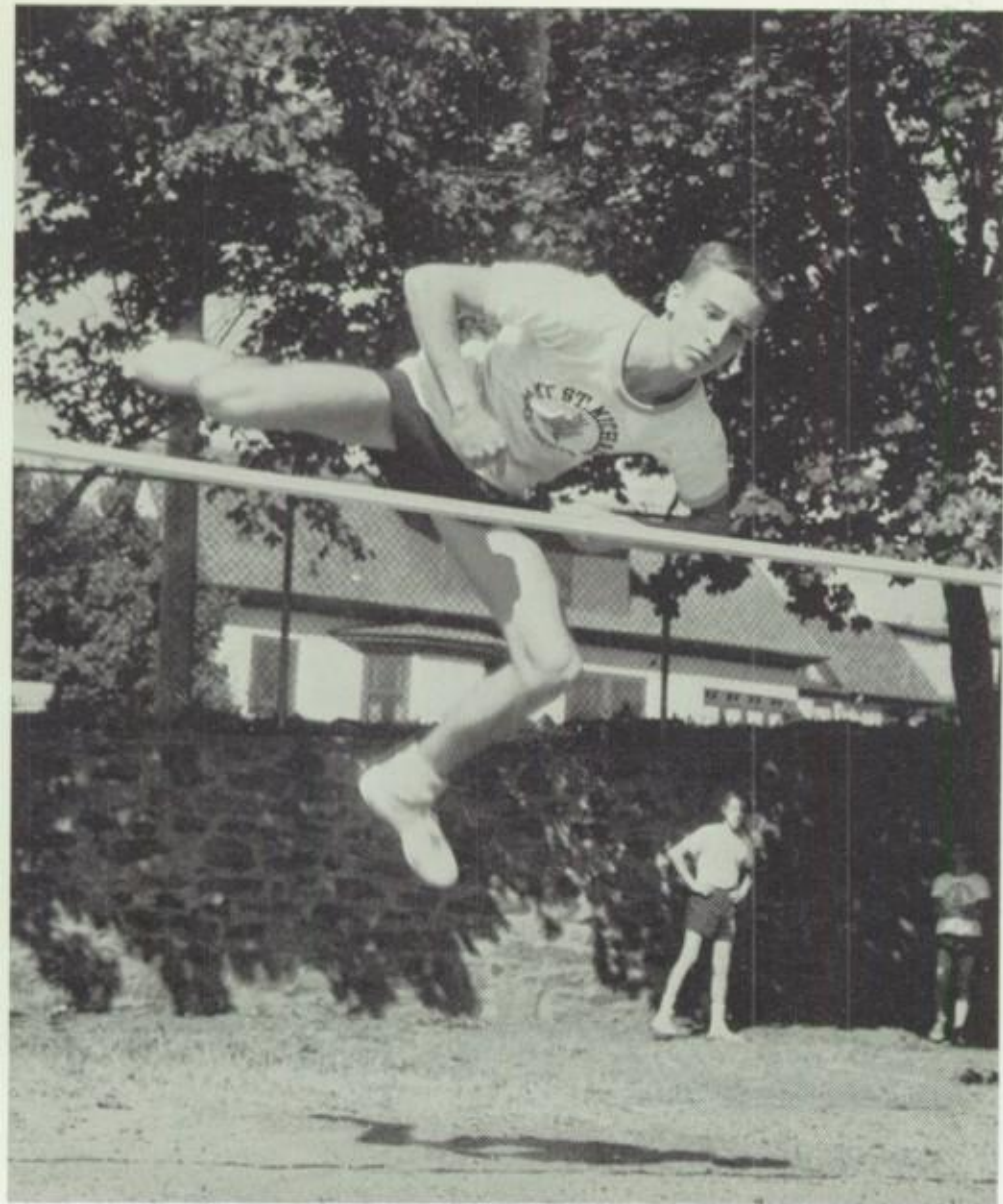

Mount jumping ace George Auger starred for the Mount in field events, placing second in the high jump event with his 5'8" leap. Big Bill Schoeck placed third in the shot put competition with a 50 foot 2 inch heave, with a 12 lb. weight.

The big surprise of the day came when Sophomore Pete Guinta turned in a 2:13 clocking for the Junior half mile. Neil Murray sprinted to second place in the Junior 50 yard dash.

Moderator Bro. Francis Matthew lauded the seniors for their hard work and fine performances, especially of co-captain Jerry Hughes, and Paul Stelmazyk. Other seniors on the team are Richie McCloskey, Tony Versaci, Herry Holland, Ron Liberatore, Richie Ludwig, Tom Dryer, Artie Bollon, Joe De Angelis, Frank Potti and managers Bob Sheil and Ray Scott.
